

SCHEDULE 3 – EXTERNAL BOUNDARY

The area of land and waters:

Commencing at the intersection of the south-east corner of Lot 22 on SP269684 and the north-east corner of Lot 21 on SP269684 and extending west along the northern boundary of Lot 21 on SP269684 until the intersection with the northern boundary of Lot 20 on SP269684, also known as Captain Billy Landing Road, then generally westerly along the northern boundary of that lot, until the intersection with the southern boundary of Lot 13 on SP269684; then generally westerly along the southern boundary of that lot, until the intersection with the eastern boundary of Lot 26 on NPW404; then generally northerly along the eastern boundary of that lot and the Great Dividing Range until the intersection with the southern boundary of the Northern Cape York Group #1 determination (QCD2014/017) at Latitude 11.592880° South; then due east along the southern boundary of that determination until the intersection with the eastern boundary of Lot 22 on SP269684, and onwards until the High Water Mark; then southerly along that High Water Mark until the intersection with the eastern prolongation of the northern boundary of Lot 21 on SP269684; then due west along that prolongation back to the commencement point.

(All Subject to Survey)

Data Reference and source

Cadastral data sourced from Department of Resources, Qld (August 2021).

Native title determinations sourced from the Commonwealth of Australia, NNTT (August 2021).

Reference datum

Geographical coordinates are referenced in decimal degrees in the Geocentric Datum of Australia 1994 (GDA94).

Use of Coordinates

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to

the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
