Area 2 external boundary

Commencing at the easternmost north east corner of Lot 233 on Plan PH1796 (Mount Mulgrave Holding) and extending easterly to the western boundary of Lot 66 on Plan SP161906 (Bonny Glen Holding) to Latitude 16.189534° South, being the south west corner of the Parish of Uhrstown and the north western corner of the Parish of Nangee, and also being the point where the boundary leaves the southern bank of Granite Creek; then southerly, westerly, again southerly, again westerly and northerly along the boundaries of Lot 14 on Plan SP250040 back to the commencement point.

Data reference and source

- Cadastral data sourced from the Department of Natural Resources and Mines, Queensland (February 2013).
- Local government authorities data sourced from the Department of Natural Resources and Mines, Queensland (February 2013).
- Exploration Permit Mineral 11980 (dated November 2004), sourced from the Department of Natural Resources and Mines, Queensland.
- Mining Leases 20239 and 20237 sourced from the Department of Natural Resources and Mines, Queensland (February 2013).
- Where available watercourse boundaries were derived from Cadastral data sourced from the Department of Natural Resources and Water, Queensland (May 2008) or 1:250K Topographic Vector Data is © Commonwealth of Australia (Geoscience Australia) 2008.

Reference datum

Geographical coordinates have been provided by the NNTT Geospatial Services and are referenced to the Geocentric Datum of Australia 1994 (GDA94), in decimal degrees and are based on the spatial reference data acquired from the various custodians at the time.

Use of coordinates

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
