#### Note

##### Reference datum

Geographical coordinates have been provided by the NNTT Geospatial Unit and are referenced to the Geocentric Datum of Australia 1994 (GDA94), in decimal degrees and are based on the spatial reference data acquired from the various custodians at the time.

##### Data Reference and source

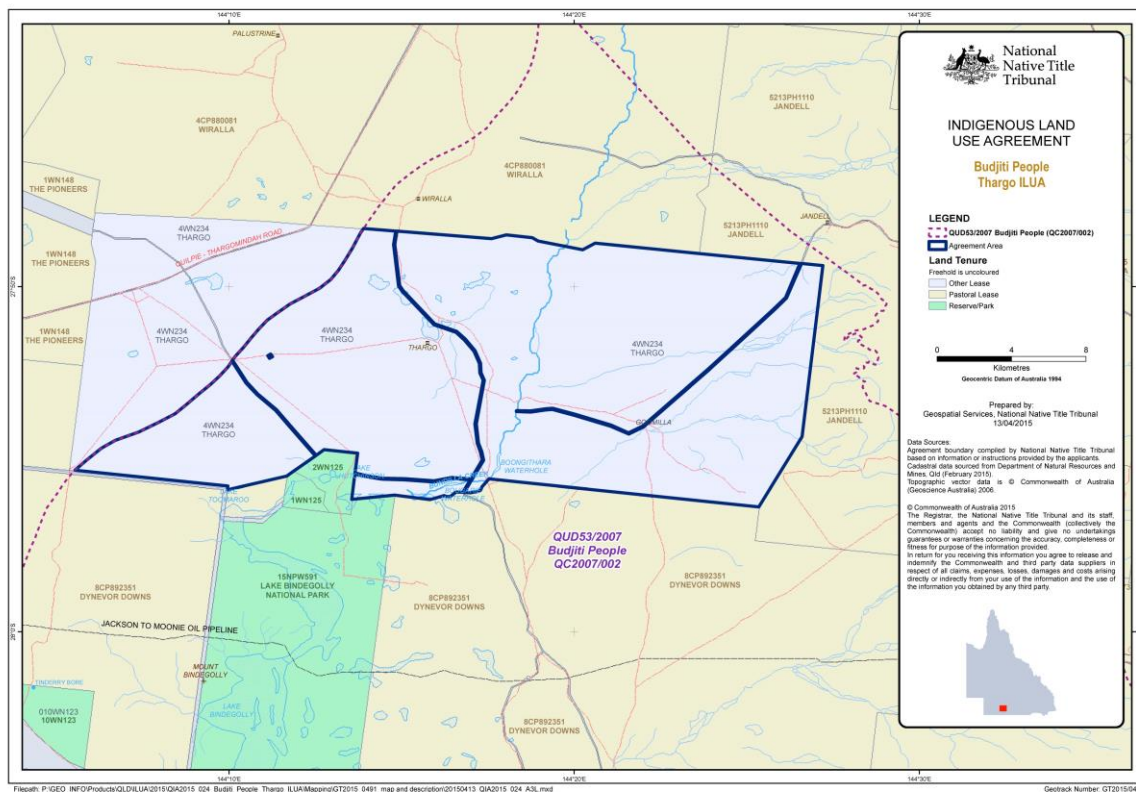

- Agreement boundary compiled by National Native Title Tribunal based on information or instructions provided by the applicants.
- Native title determination application QUD53/2007 Budjiti People (QC2007/002) as accepted for registration on 10 July 2007.

- Cadastre data sourced from Department of Natural Resources and Mines, Qld (February, 2015).
- Rivers / Creeks based on cadastral data.

### **Use of Coordinates**

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
