Use of Coordinates:

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.

Part 2 – Areas excluded from the determination

The following areas are excluded from the determination:

- (a) all that land comprising that portion of Lot 259 as shown on Deposited Plan 220696 that is wholly within the external boundary of Petroleum Exploration Permit EP 436 R1 (as defined by The Department of Mines, Industry Regulation and Safety as at 11th November 2014); and
- (b) all that land comprising that portion of Lot 851 as shown on Deposited Plan 66631 that is wholly within the external boundary of Mining Exploration Licence E04/2084 (as defined by The Department of Mines, Industry Regulation and Safety as at 17th July 2014).
