Data Reference and source

- Agreement boundary data compiled by National Native Title Tribunal based on data sourced from Department of Natural Resources and Mines Qld (August 2013).
- Cadastre data sourced from Department of Natural Resources and Mines Qld (August 2013).
- Rivers / Creeks based on cadastral data where possible, else 1:250k vector data © Commonwealth of Australia sourced from Geoscience Australia (2003).

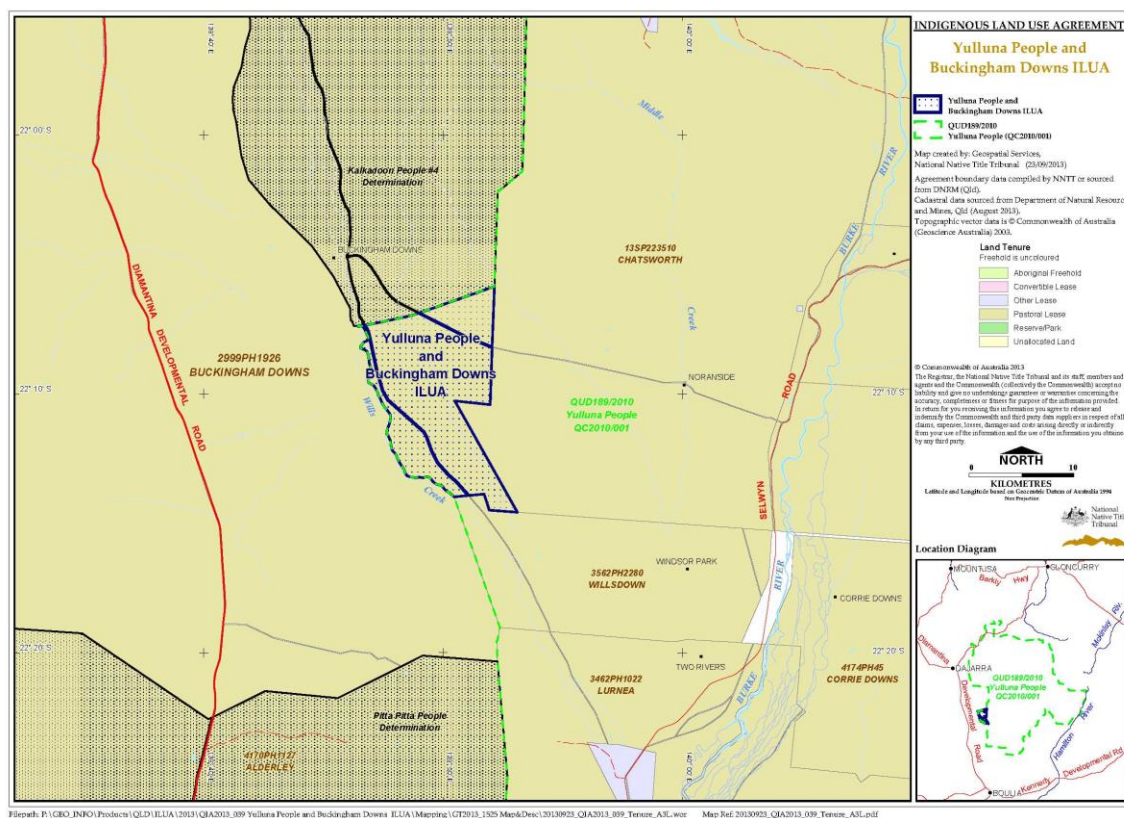

Reference datum

Geographical coordinates have been provided by the NNTT Geospatial Services and are referenced to the Geocentric Datum of Australia 1994 (GDA94), in decimal degrees and are based on the spatial reference data acquired from the various custodians at the time

Use of Coordinates

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
