Use of Coordinates:

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.

Part 2 – Excluded Areas

Public Works

Any areas of land or waters where a public work as defined in the Native Title Act and the *Titles (Validation) and Native Title (Effect of Past Acts) Act 1995* (WA) (TVA) (including the land and waters on which a public work is constructed, established or situated as described in s 251D of the Native Title Act) and to which s 12J of the TVA or s 23C(2) of the Native Title Act applies.
