

Schedule 3 – External Boundary

The area of land and waters:

Commencing at the foothills of the McIlwraith Range on the centreline of an unnamed tributary of Breakfast Creek at Longitude 143.355071° East, Latitude 13.971448° South, also being a point on a line of the 100m contour elevation, and extending generally north-easterly along that contour until Longitude 143.431816° East, Latitude 13.670197° South; then north-westerly in a straight line to a point on a line of the 100m contour elevation at Longitude 143.412112° East, Latitude 13.644275° South; then generally northerly along that contour until Longitude 143.405724° East, Latitude 13.599264° South; then north-easterly in a straight line to a point in the foothills of the McIlwraith Range on the 50m contour at Longitude 143.41033° East, Latitude 13.585909° South; then generally northerly following the 50m contour until the northern boundary of Lot 16 on SP121904, also the northern boundary of the Kulla (McIllwraith Range) National Park (Cape York Peninsula Aboriginal Land) at Longitude 143.385336° East; then north-easterly along the northern boundary of Lot 16 on SP121904 until a point in the foothills of the Macrossan Range on the 50m contour at Longitude 143.477573° East; then generally south-easterly along the 50m contour until a point at Longitude 143.493056° East, Latitude 13.488094° South; then north-easterly in a straight line to the Macrossan Range ridge line at Latitude 13.482002° South; then northerly along the centreline of that range until Latitude 13.382291° South, further described as:

extending northerly along the centreline of the Macrossan Range until a point at Latitude 13.455208° South; then northerly to a point on the northern boundary of Lot 16 on SP121904 (Kulla (McIllwraith Range) National Park Cape York Peninsula Aboriginal Land) at Longitude 143.497529° East, Latitude 13.451533° South; then northerly along the northern boundary of that lot to a point at Longitude 143.494725° East, Latitude 13.425721° South; then northerly to a point on the centreline of the Macrossan Range at Latitude 13.420338° South; then northerly along the centreline of that range until Latitude 13.408003° South; then northerly to a point on the western boundary of Lot 17 on SP104551 at Longitude 143.496663° East, Latitude 13.407346° South; then northerly along the western boundary of that lot until a point at Latitude 13.382291° South;

then north-westerly to the summit of Cone Peak at approximately Longitude 143.491676° East, also being a point on the centreline of the Macrossan Range and the western boundary of Lot 17 on SP104551; then north-westerly along the western boundary of Lot 17 on SP104551, also being the Macrossan Range, until a point at Latitude 13.373304° South; then north-westerly and south-westerly bisecting the headwaters of Nesbit River to the intersection with the southern boundary of an unnamed road at Longitude 143.378649° East (Stoney Creek Road), passing through the following coordinate points:

Longitude ° East	Latitude ° South
143.473512	13.367131
143.469592	13.361251
143.467783	13.353562
143.461714	13.347977
143.434283	13.348215
143.408837	13.353059

then generally northerly along the centreline of the Great Dividing Range until a point at Latitude 13.210972° South; further described as:

extending north-easterly along the eastern boundary of that road until its intersection with the eastern boundary of Lot 450 on SP104554 at Latitude 13.361150° South; then northerly along the eastern boundary of that lot to the northernmost north-east corner of that lot at 13.248107° South; then generally northerly along the centreline of the Great Dividing Range until a point at Latitude 13.210972° South;

then south-westerly in a straight line to the headwaters of Hull Creek at Longitude 143.297462° East, Latitude 13.220071° South; then generally south-westerly along the centreline that creek to its intersection with the centreline of Geike Creek; then westerly along the centreline of that creek until its intersection with the centreline of Archer River; then westerly along the centreline of that river until its intersection with Baker Creek (also known as 10 Mile Junction); then south-easterly to a site named Muwangam at Longitude 142.842672° East, Latitude 13.668725° South; then southeasterly to the centreline of Coen River at Longitude 142.962519° East; then generally easterly along the centreline of that river until its intersection with an unnamed watercourse at Longitude 143.073713° East, Latitude 13.894552° South; then generally easterly along the centreline of that unnamed watercourse and its southernmost tributary to a point located between two hills at Longitude 143.119514° East, Latitude 13.885423° South; then extending south-easterly to a point at Longitude 143.148743° East, Latitude 13.908909° South and onwards in a straight line south-easterly to the intersection of the centrelines of Coen River and Oscar Creek at Longitude 143.191023° East;

then north-easterly along the centreline of Coen River to the junction of Lankelly Creek at Latitude 13.943344° South; then generally north-easterly along the centreline that creek to its intersection with an unnamed tributary at Longitude 143.230332° East, Latitude 13.933287° South; then south-easterly to the junction of Stewart River

and an unnamed tributary at Longitude 143.249894° East, Latitude 13.958650° South; then south westerly to a point on the northern boundary of Lot 2 on SP171865 at Longitude 143.243652° East; then north-easterly then generally southerly along the northern and eastern boundaries of that lot until a point at Latitude 13.988502° South; then easterly to a point at Longitude 143.326494 East, Latitude 13.983444° South; then in a straight line north-easterly back to the point of commencement.

(All Subject to Survey).

Data Reference and source

Cadastral data sourced from Department of Resources, Qld (August 2021).

Watercourse lines sourced from Department of Resources, Old (August 2021).

Baseline roads and tracks sourced from Department of Resources, Qld (August 2021).

Mountain ranges, beaches and sea passages sourced from Department of Resources, Qld (August 2021).

Native title determination outcomes sourced from the National Native Title Tribunal (August 2021)

Reference datum

Geographical coordinates are referenced to the Geocentric Datum of Australia 1994 (GDA94), in decimal degrees.

Use of Coordinates

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome to the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
