

### **SCHEDULE FIVE(A)**

For the purposes of section 87A(5) of the *Native Title Act 1993*(Cth) the Applicant and the State record their agreement as to a matter arising out of the proceedings, which is that with respect to UCL 5, the State government department which from time to time has responsibility for the management of Reserve 27632 and/or the area of UCL 5 shall continue to have a right of access to UCL 5 to manage the land contained within that UCL parcel for purposes including management of hazards such as fire and other natural events.

For the avoidance of doubt the management of hazards includes acts for avoiding or reducing the possibility of hazards arising and not merely managing hazards which exist.
