

Schedule 1 Description of ILUA Area

External boundary description

The agreement area covers all the land and waters within an area 50 metres either side of a line commencing at Easting 371774.22, Northing 7365862.47 and defined by bearings and distances displayed on the map contained in Schedule 2.

The agreement area specifically excludes any land within NT Portions 6663, 6221 and 4130.

Note

Data Reference and source

- Agreement boundary compiled by National Native Title Tribunal based on information or instructions provided by the applicants.
- Cadastre data sourced from DIPL (NT), October 2019.
- Grid coordinates provided by Brian Blakeman Surveys.

Reference datum

Grid Coordinates are in metres (Zone 53) referenced to the Map Grid of Australia 1994 (MGA94).

Use of Coordinates

Where coordinates are used within the description to represent cadastral or topographical boundaries or the intersection with such, they are intended as a guide only. As an outcome of the custodians of cadastral and topographic data continuously recalculating the geographic position of their data based on improved survey and data maintenance procedures, it is not possible to accurately define such a position other than by detailed ground survey.
