Background

- A. The Noongar people and the State of Western Australia have reached a full and final settlement of all current and future applications made or to be made by Noongar people, under the NT Act, for:
 - (a) the determination of Native Title over the Settlement Area; and
 - (b) the determination of the compensation that will be payable by the State, on just terms, to compensate the Noongar people for the loss, surrender, diminution, impairment and other effects on their Native Title Rights and Interests of all acts affecting Native Title that have been done in relation to the Settlement Area.
- B. The Parties acknowledge that the Settlement is unprecedented in Australia.
- C. The Settlement provides a significant opportunity for the Noongar people to achieve sustainable economic, social and cultural outcomes. The State recognises that such outcomes are in the long term interest of both the State and the Noongar community.
- D. The Parties agree that the arrangements put in place under the Settlement will only reach their full potential if all Parties engage in the implementation of the Settlement in a spirit of cooperation.
- E. In exchange for the payment and provision of the benefits under this Agreement, including those referred to in paragraph G of this Background, the Noongar people will agree:
 - (a) to a surrender of Native Title Rights and Interests in respect of the Settlement Area; and
 - (b) to the validation of all acts that, historically, may have been done invalidly in relation to the Settlement Area.
- F. The payment and provision of the benefits under this Agreement, including those referred to in paragraph G of this Background, will also compensate the Noongar people for any other loss, surrender, diminution, impairment or other effects on their Native Title Rights and Interests of all acts affecting Native Title that have been done in relation to the Settlement Area.
- G. The benefits to be provided to the Noongar people under the Settlement include the following:
 - (a) the introduction of the *Noongar (Koorah, Nitja, Boordahwan) (Past, Present, Future) Recognition Bill* into the Western Australian Parliament;
 - (b) the establishment of a "Noongar Boodja Trust" to receive, hold and apply (for the benefit of Noongar people generally) the benefits to be provided to the Noongar people under the Settlement;
 - (c) financial contributions to the Noongar Boodja Trust "Future Fund" to establish a perpetual fund for Noongar social, cultural and economic development;

- (d) financial contributions to the Noongar Boodja Trust "Operations Fund" for the establishment and operation of a Central Services Corporation and up to 6 Regional Corporations;
- (e) the establishment of:
 - (i) the Noongar Land Estate;
 - (ii) co-operative and joint management arrangements with the Department of Parks and Wildlife;
 - (iii) a State-administered Noongar Land Fund to assist in implementing the Settlement as it relates to land;
 - (iv) a uniform Aboriginal cultural heritage management regime that will assist in the protection of Noongar cultural heritage;
 - (v) land access arrangements for unallocated Crown land and unmanaged reserves for Noongar people and their children;
 - (vi) modified water catchment area by-laws to allow Noongar people to undertake certain activities in those sensitive areas;
- (f) the transfer of housing properties to the Trust with funding for the refurbishment or demolition of existing housing stock;
- (g) the implementation of a Community Development Framework in partnership with the State;
- (h) the implementation of a Noongar Economic Participation Framework to increase commercial participation by Noongar people in South West development through increased communication about government opportunities;
- (i) the delivery of a capital works program that includes the provision of funding for Noongar corporation offices and seed funding for a Noongar Cultural Centre.

H. The Settlement Area comprises all the land and waters contained within the outer boundaries of the following "Noongar Claims":

- (a) Ballardong People (WAD 6181/98);
- (b) Gnaala Karla Booja (WAD 6274/98) (including the Harris family claim (WAD 6085/98));
- (c) South West Boojarah (WAD 253/06) (including the Harris family claim);
- (d) Wagyl Kaip (WAD 6286/98) (including the Southern Noongar claim (WAD 6134/1998));

and also includes:

- (g) any island that; and
- (h) as much of the sea area (if any) within the 3 nautical mile limit as,
is adjacent to those areas and that is not included in a relevant claim area.
- I. For the purpose of implementing the Settlement, the Settlement Area is divided into 6 "Agreement Areas" that together reflect the areas of land and waters described in paragraph H of this Background.
- J. It is intended that the traditional owners for each of these Agreement Areas, called "Native Title Agreement Groups" under the terms of the Settlement, will separately enter into an Indigenous land use agreement under the NT Act (**Agreement**) with the State, the Government Parties and South West Aboriginal Land and Sea Council Aboriginal Corporation (**SWALSC**).
- K. Each Native Title Agreement Group comprises the members of the Native Title Claim Group for each Noongar Claim that overlaps with the Agreement Area in question, plus all additional people who, as a result of further research conducted by SWALSC, have been identified as people who hold or may hold Native Title in each Agreement Area.
- L. This document comprises the Agreement made between the State, the Government Parties, SWALSC and the Ballardong People Native Title Agreement Group. There will be a further 5 "Related Agreements", to be made between the State, the Government Parties, SWALSC and the "Related Native Title Agreement Groups" for the Agreement Area or Related Agreement Area relating to each of the other Noongar Claims.
- M. Many of the benefits to be provided to the Noongar people under the Settlement and some of the structures to be set up to implement the Settlement are for the benefit of the Noongar people generally, and not for the members of each Native Title Agreement Group separately. These common settlement provisions, which relate to this Agreement and to each of the Related Agreements taken together, are set out in the common "Settlement Terms" that form part of this Agreement and each of the Related Agreements.
- N. The Parties intend that this Agreement (as with each of the Related Agreements) will be registered as an Indigenous land use agreement (area agreement) under Subdivision C of Division 3 of Part 2 of the NT Act.

- (a) The State is authorised on behalf of the Parties to, and will, prepare an application, in the form (or substantially in the form) provided in Schedule 4 to this Agreement, for this Agreement to be Registered.
- (b) The State will use reasonable endeavours to submit the application for Registration of this Agreement to the Native Title Registrar within 40 Business Days after the Execution Date.

- (c) The Parties must do all things necessary to provide the Native Title Registrar with, in support of the Registration application, a copy of this Agreement and any other prescribed documents or information required under section 24CG(2) of the NT Act.
- (d) Without limiting clause 9.2(c) of this Agreement, SWALSC and the Representative Parties will provide to the State, as soon as practicable following the Execution Date, such of the documents referred to in clause 9.2(c) of this Agreement as they have in their custody or under their control.

9.3 Further assurances

Each Party undertakes to do all things in its power to ensure that this Agreement is Registered and will use reasonable endeavours, and do all things reasonably necessary, to maintain the Registration of the Agreement on the ILUA Register following Registration.

9.4 No objection

- (a) Without limiting clauses 9.1 and 9.3 of this Agreement, the Parties must not (and, in the case of the Representative Parties and SWALSC, will use reasonable endeavours to ensure that the members of the Native Title Agreement Group do not):
 - (i) object to the Registration of this Agreement, on any grounds; or
 - (ii) provide to the Native Title Registrar any information that opposes, or is otherwise adverse to, the Registration of the ILUA.
- (b) If any Party becomes aware of an objection having been lodged (or any adverse information given) in relation to the Registration of this Agreement, then that Party must notify the State and SWALSC (or in the case of the State and SWALSC the other of them) and the State and SWALSC together will:
 - (i) request assistance from the National Native Title Tribunal to negotiate with the person making the objection with a view to having the objection withdrawn;
 - (ii) draft and provide to the Native Title Registrar one or more written submissions responding to any objection against Registration of the ILUA; and
 - (iii) provide to the Native Title Registrar information or material addressing or rebutting any adverse information received by the Native Title Registrar that opposes, or is otherwise adverse to, the Registration of the ILUA.

9.5 Written certification

- (a) Having satisfied itself that the requirements of section 203BE(5) of the NT Act have been met, SWALSC agrees to provide written certification to the State as referred to in section 203BE(1)(b) of the NT Act for the

purposes of the Registration application as required by section 24CK of the NT Act.

- (b) The written certification will be in the form, or substantially in the form, set out in Schedule 5 to this Agreement.
- (c) SWALSC warrants that to the best of its knowledge, as at the Execution Date, it is not aware of any circumstance that would prevent it from providing written certification in accordance with this clause 9.5.

9.6 Consequences of non-Registration of, or Legal Proceedings being commenced with respect to, this Agreement and the Related Agreements

- (a) The Native Title Agreement Group acknowledges and agrees that the Compensation payable or provided under this Agreement is part of a global settlement of the Noongar Claims reached with the State with respect to the whole of the Settlement Area on the understanding that, except as otherwise specified in this clause 9.6, this Agreement and all of the Related Agreements will become, and remain, Registered.
- (b) Subject to clause 9.6(c) and (d) of this Agreement, if either this Agreement or any one or more of the Related Agreements have not been Conclusively Registered by the Sunset Date (each, a **Time-Barred Agreement**), the State will in its absolute unfettered discretion (by notice to SWALSC, within 60 Business Days after the Sunset Date) choose either to:
 - (i) terminate this Agreement and all of the Related Agreements; or
 - (ii) terminate the Time-Barred Agreements only, in which case the State must at the same time also issue to SWALSC (in accordance with clause 3.3(a)(ii) of this Agreement) a Settlement Effective Date Notice with respect to those of this Agreement and the Related Agreements that are not Time-Barred Agreements.
- (c) Before exercising the State's discretion to choose between the options in clause 9.6(b)(i) and (ii) of this Agreement, the State and SWALSC must convene at least one meeting (which may be conducted by teleconference or videoconference).
- (d) Notwithstanding anything stated in clause 9.6 of this Agreement, the State cannot (in the exercise of the discretion accorded to it under clause 9.6(b)(i) of this Agreement) terminate:
 - (i) this Agreement, if there has been a Deemed Settlement Effective Date; or
 - (ii) any Related Agreement in respect of which there has been a Related Deemed Settlement Effective Date.
- (e) If the State chooses, in accordance with clause 9.6(b)(ii) of this Agreement, to terminate only any Time-Barred Agreement (**Clause 9.6 Terminated Agreement**), the consequence of such termination is that

the Compensation will not be provided in respect of the Native Title Agreement Group or Related Native Title Agreement Group, nor in respect of the Agreement Area or Related Agreement Area, that is the subject of the Clause 9.6 Terminated Agreement. Specifically:

- (i) the quantum of the total annual Future Fund Payment will be reduced by one sixth for each Clause 9.6 Terminated Agreement;
 - (ii) the quantum of the total annual Operations Fund Payment will be reduced by one seventh for each Clause 9.6 Terminated Agreement;
 - (iii) no land will be Allocated under clause 8 of the Settlement Terms in the area the subject of each Clause 9.6 Terminated Agreement;
 - (iv) the amounts and percentages of land to be Allocated under clause 8 of the Settlement Terms will be reduced by one sixth for each Clause 9.6 Terminated Agreement;
 - (v) the quantum of the payments to the Noongar Land Fund will be reduced by one sixth for each Clause 9.6 Terminated Agreement;
 - (vi) the Housing Authority will not transfer properties under clause 14 of the Settlement Terms in the area the subject of each Clause 9.6 Terminated Agreement;
 - (vii) the State will not provide funding for the regional office of the Regional Corporation or Related Regional Corporation referred to in each Clause 9.6 Terminated Agreement; and
 - (viii) clauses 9, 10, 11, 12, 13, 15, 16 and 17 of the Settlement Terms will not apply to land in the Agreement Area or Related Agreement Area the subject of each Clause 9.6 Terminated Agreement.
- (f) The Parties acknowledge and agree that where one or more of the Related Agreements has not been executed before the Sunset Date (each, a **Non-Executed Agreement**) each Non-Executed Agreement is deemed to be a Clause 9.6 Terminated Agreement.

9.7 Consequences of the issue of a Deemed Settlement Effective Date Notice

- (a) Where:
- (i) the State has issued a Deemed Settlement Effective Date Notice under clause 3.4 of this Agreement; and
 - (ii) as a result, there has been a Deemed Settlement Effective Date,

pending any Related Deemed Settlement Effective Date, or the Settlement Effective Date, applying to any Related Agreements (**Pending Agreements**) the Compensation (if any) that would otherwise have been payable had the Settlement Effective Date applied to this Agreement and all Related Agreements will be modified in the following respects:

- (iii) the quantum of the total annual Future Fund Payment will be reduced by one sixth for each Pending Agreement;
 - (iv) the quantum of the total annual Operations Fund Payment will be reduced by one seventh for each Pending Agreement;
 - (v) no land will be Allocated under clause 8 of the Settlement Terms in the area the subject of each Pending Agreement;
 - (vi) the quantum of the payments to the Noongar Land Fund will be reduced by one sixth for each Pending Agreement;
 - (vii) the Housing Authority will not transfer properties under clause 14 of the Settlement Terms in the area the subject of each Pending Agreement;
 - (viii) the State will not provide funding for the regional office of the Regional Corporation referred to in each Pending Agreement; and
 - (ix) clauses 9, 10, 11, 12, 13, 15, 16 and 17 of the Settlement Terms will not apply to land in the Agreement Area or Related Agreement Area the subject of each Pending Agreement.
- (b) If (because there have been one or more Related Deemed Settlement Effective Dates) this Agreement is a Pending Agreement for the purpose of clause 9.7(a) of those Related Agreements, this Agreement will cease to be a Pending Agreement for such purpose on and from:
- (i) the Deemed Settlement Effective Date for this Agreement (if applicable); or
 - (ii) otherwise, the Settlement Effective Date.
- (c) If clause 9.7(b) applies to this Agreement, the monetary Compensation payable under the Settlement will be re-evaluated on the assumption that the Deemed Settlement Effective Date or the Settlement Effective Date, as the case may be, occurred on the same date as the first Related Deemed Settlement Effective Date. The difference between the amount that was previously paid to the Trustee pursuant to clause 5 of the Settlement Terms as varied and applied under clause 9.7(a) of any Related Agreement, and the amount that would have been paid had the Deemed Settlement Effective Date or the Settlement Effective Date, as the case may be, in fact occurred on the same date as the first Related Deemed Settlement Effective Date, will be paid by the State to the Trustee within 60 Business Days following the Deemed Settlement Effective Date or the Settlement Effective Date, as the case may be.

- (d) The Parties acknowledge that if the State issues a Settlement Effective Date Notice under clause 9.6(b)(ii) of this Agreement, clause 9.7(b) and (c) of this Agreement will not apply to any Clause 9.6 Terminated Agreement.

 - (ii) the Trust Deed provides for the Trustee to accept the State Contribution on the basis that it is subject to the State Contribution Condition in that it may be required to make payment of an ILUA Termination Amount, and one or more Related ILUA Termination Amounts, to the State in future in the circumstances set out in clause 6.4 of the Trust Deed;
 - (iii) under the Trust Deed, the Trustee will be required to enter into the Security Deed;

- (b) The State acknowledges and agrees that, if the Trustee fails to pay any ILUA Termination Amount or Related ILUA Termination Amount as and when such amount becomes due and payable, the State's only avenue of recourse will be to recover from the Trustee, including pursuant to the terms of the Security Deed, the lesser of the amount of such unpaid ILUA Termination Amount or Related ILUA Termination Amount and the amount of the Trust Fund, including any assets held by the Land Sub.

10.4 ILUA Termination Amount

- (a) Where this Agreement suffers an ILUA Termination Event, the ILUA Termination Amount in \$, in respect of that ILUA Termination Event, will comprise the sum of the following amounts:

- (b) the State may not provide either an ILUA Termination Notice or a Related ILUA Termination Notice to the Trustee at any time after the Conditional Period Expiry Date.

10.6 Further consequences on an ILUA Termination Event

The Parties acknowledge that a consequence of the termination of any Terminated Agreement is that the Compensation will cease to be provided in respect of the Agreement Group (or Related Agreement Group) and the Agreement Area (or Related Agreement Area) that are the subject of the Terminated Agreement. Specifically:

- (a) the quantum of the total annual Future Fund Payment will be reduced by one sixth for each Terminated Agreement;

- (e) the amounts and percentages of land to be Allocated as specified in clauses 6 and 7 of Annexure J to the Settlement Terms will be reduced by one sixth for each Terminated Agreement where the reduction in the minimum and maximum amounts of land to be Allocated pursuant to clause 6 of Annexure J to the Settlement Terms is to be calculated after deducting the land hectareage that has already been transferred to the Land Sub before the ILUA Termination Notice Date;

10.7 Acknowledgement

The Parties acknowledge that the adjustments to the Compensation set out in clauses 10.4 and 10.6 of this Agreement are premised on the assumption that, after this Agreement is terminated under clause 3.5(a)(v) of this Agreement, all 5 of the Related Agreements will continue in force. If there:

- (a) were 5 or fewer Related Agreements in force before this Agreement is terminated; or
- (b) are fewer than 5 Related Agreements in force after this Agreement is so terminated,

the adjustments to the Compensation set out in clauses 10.4 and 10.6 of this Agreement will be modified commensurate with the actual number of Related Agreements in force.

10.8 Scope

The Parties acknowledge and agree that if the Trustee is required to pay any ILUA Termination Amount in circumstances where the State Parties have already recovered one or more payments in respect of an Indemnified Amount with respect to the Agreement Area under clause 12 of this Agreement, the amount of these payments recovered under clause 12 of this Agreement will be deducted from the ILUA Termination Amount.

10.9 Effect of termination

Termination of this Agreement or its removal from the ILUA Register by the Native Title Registrar in accordance with section 199C of the NT Act does not affect the operation of this clause.

11. No fettering of statutory powers or discretions

Each Party acknowledges and agrees that nothing in this Agreement can fetter or control the exercise by any person (including a Minister in the Government of the State) of a statutory power or discretion otherwise than in accordance with the statute.

12. Indemnities and release

12.1 Indemnities

- (a) If:
- (i) a declaration (including a determination) (**Declaration**) is made by a court of competent jurisdiction under which Native Title is determined to have existed in relation to all or part of the Agreement Area before the date on which the Surrender takes effect under clause 6.2(b) of this Agreement (**Former Rights**); and
 - (ii) the person or persons who held such Former Rights (**Actual Native Title Holders**) are not members of the Native Title Agreement Group,

then:

- (iii) subject to clauses 12.1(d), 12.2 and 12.3 of this Agreement, the Native Title Agreement Group jointly indemnifies the State Parties in respect of:
 - A. any compensation in respect of the Former Rights that is payable by the State Parties to the Actual Native Title Holders, provided that the liability to pay (and the quantum of) such compensation are:
 - 1) determined by a court of competent jurisdiction; or
 - 2) with the consent of the Native Title Agreement Group, otherwise agreed with the Actual Native Title Holders; and
 - B. such reasonable legal costs or expenses as are necessarily incurred by the State and the Actual Native Title Holders in connection with any claim for compensation by the Actual Native Title Holders in respect of Former Rights held in relation to the Agreement Area,

(Indemnified Amount).

- (b) In consideration of this Agreement, the Native Title Agreement Group releases and discharges the State Parties in respect of any loss or damage suffered or incurred by any one or more members of the Native Title Agreement Group arising from any claim for compensation by the Actual Native Title Holders with respect to any Former Rights.
- (c) If
 - (i) a Related Agreement suffers a Related ILUA Termination Event; and

- (ii) any of the acts done by the State to transfer land in freehold in that Related Agreement Area to the Trustee pursuant to clause 8 of and Annexure J to the Settlement Terms (**Transferred Land**) was invalidly done due to the existence of Native Title (**Invalid Act**),

then

- (iii) subject to clauses 12.1(d), 12.2 and 12.3 of this Agreement, the Native Title Agreement Group (jointly with the Related Native Title Agreement Groups) indemnifies the State Parties in respect of:
 - A. any compensation that is payable by the State Parties to the Native Title Holders in respect of the Transferred Land for the doing of the Invalid Act and the validation of the Invalid Act (as the case may be) provided that the liability to pay (and the quantum of) such compensation are:
 - 1) determined by a court of competent jurisdiction; or
 - 2) with the consent of the Native Title Agreement Group and the Related Native Title Agreement Groups, otherwise agreed with the Native Title Holders; and
 - B. such reasonable legal costs or expenses as are necessarily incurred by the State and the Native Title Holders in connection with any claim for compensation by the Native Title Holders in respect of the Invalid Acts and their validation,

(also an **Indemnified Amount**).

- (d) The rights of the State Parties in respect of the Indemnified Amount are limited to taking the actions specified in clauses 12.1(e), (f), (g) and (h), 12.2 and 12.3 of this Agreement.
- (e) The Native Title Agreement Group acknowledges and agrees that the State Parties may recover an Indemnified Amount from the Trustee as a debt owing by the Trustee to the State Parties and payable on demand by service of a notice to:
 - (i) until the Regional Corporation and all of the Related Regional Corporations have been appointed by the Trustee:
 - A. the Central Services Corporation;
 - B. the Trustee; and
 - C. any of the Regional Corporation and Related Regional Corporations that have been appointed by the Trustee; and

- (ii) after all of the Regional Corporations and Related Regional Corporations have been appointed by the Trustee:
 - A. the Trustee;
 - B. the Regional Corporation; and
 - C. all of the Related Regional Corporations

(Indemnified Amount Notice).

- (f) The Indemnified Amount Notice will contain:
 - (i) where an Indemnified Amount does not exceed the Trustee Recovery Limit a statement of the Indemnified Amount; and
 - (ii) where an Indemnified Amount exceeds the Trustee Recovery Limit, a statement of the Indemnified Amount and the Trustee Recovery Limit calculated in accordance with clause 12.2 of this Agreement.
- (g) The rights of the State Parties in respect of the Indemnified Amount are limited to:
 - (i) recovering from the Trustee an amount not exceeding the Trustee Recovery Limit; and
 - (ii) where an Indemnified Amount exceeds the Trustee Recovery Limit, reducing the Future Fund Payments according to the formula set out in clause 12.3 of this Agreement to recover the balance of the Indemnified Amount.
- (h) To avoid doubt, in the event that an Indemnified Amount is not paid as and when due, the State Parties may:
 - (i) have recourse to the Security Deed up to the Trustee Recovery Limit; and
 - (ii) where an Indemnified Amount exceeds the Trustee Recovery Limit, reduce Future Fund Payments according to the formula set out in clause 12.3 of this Agreement to recover the balance of the Indemnified Amount.

12.2 Trustee Recovery Limit

In respect of one or more Indemnified Amount Notices issued under clause 12.1(f) of this Agreement, the maximum amount in \$ which the State Parties may recover directly from the Trustee under clause 12.1 of this Agreement (**Trustee Recovery Limit**) is to be calculated as at the relevant date of issuing an Indemnified Amount Notice as follows:

- (a) one sixth of the total amount paid by the State to the Trustee pursuant to clause 5.1 of the Settlement Terms;
- (b) interest on the amount referred to in clause 12.2(a), calculated in accordance with the Interest Rate, for the period commencing on the

date on which the State last made a payment to the Trustee pursuant to clause 5.1 of the Settlement Terms;

- (c) one sixth of the Value (as defined in clause 10 of this Agreement) of all land transferred in freehold to the Trustee or the Land Sub pursuant to clause 8 of the Settlement Terms;
- (d) one sixth of the Market Value (as defined in clause 10 of this Agreement) of all properties transferred to the Land Sub pursuant to the Property Transfer Deed referred to in clause 14 of the Settlement Terms,

and adjusted for CPI for the period between the date on which the relevant amounts were paid to the Trustee or the relevant land was transferred to the Land Sub, as the case may be, and the date on which notice is given under clause 12.1(f) of this Agreement.

12.3 Reduction of Future Fund Payments where an Indemnified Amount exceeds the Trustee Recovery Limit

The Parties acknowledge and agree that where an Indemnified Amount exceeds the Trustee Recovery Limit in relation to this Agreement or any Related Agreements (each a **Clause 12.1 Agreement**), then, in respect of each Clause 12.1 Agreement, the following amounts will be deducted from the quantum of the Future Fund Payment to be provided to the Trustee each year in accordance with clause 5.1 of the Settlement Terms:

- (a) one sixth of the quantum of the total annual Future Fund Payment;
- (b) one sixth of the Value (as defined in clause 10 of this Agreement) of land that was Allocated under clause 8 of the Settlement Terms in the preceding year (but, in the first year following the date of issuing the Indemnified Amount Notice, excluding land that was Allocated prior to that date); and
- (c) one sixth of the Market Value (as defined in clause 10 of this Agreement) of properties that were transferred under clause 14 of the Settlement Terms in the preceding year (but, in the first year following the date of issuing the Indemnified Amount Notice, excluding properties that were transferred prior to that date),

until such time as either:

- (d) the Indemnified Amount is recovered in full; or
- (e) no further Future Fund Payments are payable by the State to the Trustee in accordance with clause 5.1 of the Settlement Terms.

12.4 Effect of termination

Except where clause 10 of this Agreement applies, termination of this Agreement or its removal from the ILUA Register by the Native Title Registrar in accordance with section 199C of the NT Act does not affect the operation of this clause.

12.5 Scope

The Parties acknowledge and agree that, notwithstanding anything contained in this clause 12, or in clause 10 or any other provision in this Agreement, the State Parties may not recover any of the Indemnified Amount under clause 12.1(e) of this Agreement if the State has already issued an ILUA Termination Notice under clause 10.2 of this Agreement.

13. No Further Compensation

13.1 General

The Native Title Agreement Group acknowledges and agrees that the Compensation constitutes full and final compensation in relation to:

- (a) the extinguishment, by the Surrender or otherwise, of their Native Title Rights and Interests in the Agreement Area up to and including the date on which the Surrender takes effect under clause 6.2(b) of this Agreement;

- (a) releases the State Parties from any liability for compensation, other than the Compensation provided for and delivered under this Agreement, in relation to the extinguishment and impairment of their Native Title Rights and Interests in the Agreement Area, and the validation of Invalid Acts in the Agreement Area, up to and including the date on which the Surrender takes effect under clause 6.2(b) of this Agreement; and
- (b) agrees that:
 - (i) they will not make or maintain any claim for compensation under the NT Act, the LAA or otherwise, nor will they authorise any other person to bring or maintain such a claim on their behalf, against the State or any State Party for the effects of any of the matters referred to in clause 13.1 of this Agreement; and
 - (ii) if any member of a Native Title Agreement Group makes or maintains a claim for compensation contrary to clause 13.2(b)(i) of this Agreement, the State and each State Party may each plead the terms of this Agreement in bar of that claim.

14. Default and Insolvency

14.1 Definitions

In this clause 14, a reference to:

 - (ii) in any event, by no later than 3 months after receipt of the Default Notice.

14.3 Suspension of Obligations and Rights by the State for Clause 6.3 Default

If SWALSC or the Native Title Agreement Group fail to remedy the breach or breaches of their obligations under clause 6.3 of this Agreement that were the cause of a Clause 6.3 Default, within 20 Business Days after receipt of a Default Notice relating to that Clause 6.3 Default, the State and the Government Parties may by notice in writing to SWALSC, suspend the performance of their obligations and the defaulting Party's rights under this Agreement to the extent specified in the Default Notice until:

- (a) SWALSC or the Native Title Agreement Group do remedy the breach or breaches of their obligations under clause 6.3 of this Agreement that were the cause of the relevant Clause 6.3 Default; or

 - C. procure the replacement Regional Corporation to execute the Replacement RC Deed of Novation; and

 - 3) provide the Accession Deed to the State within 10 Business Days after the date on which the Accession Deed is executed by SWALSC; and
 - (ii) the State will then execute the Accession Deed, have it stamped if necessary, and provide copies of the fully executed (and, if applicable, stamped) Accession Deed to SWALSC, the replacement Regional Corporation and the Trustee.

14.5 Duty to Mitigate

A Party must take all reasonable steps open to it to mitigate the effects of any Clause 6.3 Default or Insolvency Event.

14.6 Remedies exercised under this clause 14 do not prejudice any other rights a Party may have

Any remedy exercised under this clause 14 is without prejudice to any other rights a Party may have under this Agreement or otherwise at law (including the right to seek interlocutory relief and specific performance).

15. Dispute resolution

15.1 No arbitration or court proceedings

If a dispute arises under this Agreement, including a dispute in respect of this clause 15.1 (**Dispute**), a Party must comply with clauses 15.2 to 15.4 of this Agreement before commencing arbitration or court proceedings (except proceedings for urgent, including injunctive or declaratory, relief).

15.2 Notification

A Party (**Disputant**) claiming a Dispute has arisen must give each other Party that is a party to the Dispute (each also a **Disputant**) a notice (**Dispute Notice**) setting out details of the Dispute.

15.3 Parties to resolve Dispute

- (a) During the period of 20 Business Days after a Dispute Notice is given (or such longer period as the Disputants may agree in writing), each Disputant must use its reasonable endeavours to resolve the Dispute.
- (b) The reasonable endeavours for the purposes of clause 15.3(a) of this Agreement may include the convening of one or more meetings of the Disputants (which may be conducted by teleconference) to try to resolve the Dispute.
- (c) If the Disputants cannot resolve the Dispute within the period stated in clause 15.3(a) of this Agreement, any Disputant may request that the Dispute be referred to a mediator and, in such circumstances, the Dispute must be referred to mediation in accordance with clause 15.4 of this Agreement.

15.4 Mediation

- (a) If the Disputants cannot agree on a mediator within 10 Business Days after a request under clause 15.3(c) of this Agreement, the chairman of LEADR will appoint a mediator at the request of any of the Disputants.
- (b) The role of the mediator is to assist in negotiating a resolution of the Dispute. A mediator may not make a binding decision on a Disputant except if the Disputant agrees in advance in writing.
- (c) Any information or documents disclosed by a Disputant under this clause 15:
 - (i) must be kept confidential; and
 - (ii) may only be used to attempt to resolve the Dispute.
- (d) Each Disputant must pay its own costs of complying with this clause 15.4. The costs of the mediator will be borne equally between the Disputants.
- (e) The Disputants will engage in the mediation process in good faith and in an open and conciliatory manner and to endeavour to reach a mutually

acceptable compromise to the issues in Dispute. If the Disputants fail to achieve a resolution of the Dispute by mediation within 20 Business Days after the appointment of a mediator under this clause 15.4, or such further time as the Disputants may agree in writing, any Disputant may take such action as it considers appropriate, including (subject to clause 15.6 of this Agreement) referring the matter to arbitration or commencing legal proceedings.

15.5 Arbitration

- (a) Where Disputants have complied with clauses 15.2 to 15.4 of this Agreement, and all agree in writing to do so, the Disputants may refer the Dispute to arbitration under the *Commercial Arbitration Act 2012* (WA).
- (b) The arbitration will be held in Perth, Western Australia or any other place agreed by the Disputants.
- (c) The Disputants will appoint a person agreed between them to be the arbitrator of the Dispute.
- (d) If the Disputants fail to agree on a person to be the arbitrator under clause 15.5(c) of this Agreement, the Disputants will request the President of the Law Society of Western Australia to appoint an arbitrator who has experience in the area of the Dispute and in Indigenous cultural matters.
- (e) Any Disputant may appeal to the Supreme Court of Western Australia on any question of law arising out of an interim or final award in the arbitration.

15.6 Breach of this clause

If a Disputant breaches any of clauses 15.1 to 15.5 of this Agreement, the other Disputants do not have to comply with those clauses in relation to the Dispute before starting court proceedings.

15.7 Obligations continue

Subject to clause 15.8 of this Agreement, if a Dispute is referred for mediation or arbitration under any part of this clause 15, or if court proceedings are started in respect of the Dispute, the Disputants as well as the other Parties (if any) must, during the period of such mediation, arbitration or litigation and pending the making of a decision, determination or judgment as the case may be, continue to perform their respective obligations under this Agreement so far as circumstances will allow and such performance will be without prejudice to the final decision, determination or judgment made in respect of the matter in dispute.

15.8 Extension of time

Without prejudice to the power of a mediator, arbitrator or court to grant any extension of any period or variation of any date referred to in this Agreement, in order to preserve the rights of a Disputant, the Parties (or Disputants, as applicable) will consult with each other and use all reasonable endeavours to agree such extension or variation so required.

16.4 Party may seek injunction

Each Party acknowledges that:

- (a) it is aware that any breach of this clause 16 may result in the owner of Confidential Information suffering loss or damage, for which monetary damages may not be an adequate remedy; and

To the extent permitted by law, in relation to its subject matter, this Agreement:

- (a) embodies the entire understanding of the Parties, and constitutes the entire terms agreed by the Parties; and

Background

- B. The Noongar people have agreed with the State of Western Australia to settle all current and future claims of the Noongar people for determinations both of Native Title and for compensation in respect of their traditional country around the south west of Western Australia.
- C. Under the terms of that Settlement, in exchange for the payment and provision of the benefits to be provided in accordance with these Settlement Terms, the Noongar people have entered into 6 separate Agreements with the State dealing with the surrender of Native Title Rights and Interests in the Settlement Area, the validation of acts that may previously have been done invalidly in the Settlement Area and the loss, diminution, impairment, and other effects on Native Title Rights and Interests in relation to the Settlement Area.
- D. In other words, while the separate Native Title Agreement Groups comprising the Noongar people have given their consent to the surrender and the validation of invalid acts, and the loss, diminution, impairment, and other effects on Native Title Rights and Interests in relation to the Settlement Area, in their separate Agreements, all Parties have agreed that the benefits to be paid or provided by the State to the Noongar people under those Agreements are as recorded in this document.
- E. Accordingly, these Settlement Terms form part of each of the Agreements, have been adopted as such by each of the Parties to each of the Agreements and are binding on each of the Parties to each of the Agreements.

8. Establishment of the Noongar Land Estate

8.1 Principles underpinning the establishment of the Noongar Land Estate

- (b) The establishment of the NLE under this Agreement provides a significant opportunity for the Noongar community to achieve sustainable economic, social and cultural outcomes. The State recognises that the creation of an economic and culturally sustainable NLE is in the long term interest of both the State and the Noongar community.
- (c) The State, SWALSC and the Native Title Agreement Groups recognise that the creation of the NLE is a fundamental part of this Agreement and all parties commit to working together to maximise Noongar outcomes in regards to the NLE. It is the intention of all parties that the NLE reach the maximum hectare targets for transfer set out in the Land Base Strategy.
- (d) The State, SWALSC and the Native Title Agreement Groups acknowledge that the creation of the NLE is unprecedented in Australia, and will only reach its full potential if all Parties engage in the process in a spirit of cooperation. In particular, any concerns about inclusion of parcels of land in the NLE must be resolved in a timely and cooperative manner, with no Party placing unrealistic expectations on another.
- (e) The State commits to developing long-term and productive partnerships with the Trustee and the Regional Corporations to assist in achieving these outcomes.
- (f) The State recognises the role of the Trustee and the Regional Corporations in representing the interests of the Noongar people, who are the custodians and traditional knowledge holders of the Settlement Area.

- (a) The Parties agree that each of Annexure J, Annexure K and Annexure L to these Settlement Terms may only be amended after the establishment of the Noongar Corporations Committee by agreement between the Trustee, the Noongar Corporations Committee and the State. Such amendment may be agreed without reference to the other Parties and without the need simultaneously to amend the documents attached at Annexure J, Annexure K and Annexure L to these Settlement Terms.

9. Noongar Land Fund

- (a) Within 60 Business Days after the Trust Effective Date the State will establish a Noongar land fund (**Noongar Land Fund**)

These agencies comprise DoL, DPaW, DAA and DAFWA. In some regions, other State departments may be involved.

- (f) Access to annual funding will be determined by budget proposals submitted jointly by State Parties and individual Regional Corporations. If some budget lines are not fully used in any one year, the Noongar Land Fund will have the capacity to shift resources between budget lines to reflect priorities. The State will retain discretion over the movement of funds.
- (g) With respect to clause 9(d)(v) of these Settlement Terms, a sum of \$83,000 per annum (adjusted annually in accordance with the CPI Calculation) will be paid to each Regional Corporation from the Noongar Land Fund to facilitate joint management arrangements in relation to the Conservation Estate within each region. - (iv) where a Regional Corporation fails to comply with these conditions the State may by notice to the Regional Corporation suspend future payments to the Regional Corporation until it is satisfied that the conditions will be fully met. Once the suspension is lifted, the Regional Corporation will only be paid on a pro-rata basis for the remaining part of the relevant financial year (if any). Any moneys not paid to a Regional Corporation in such circumstances will be rolled into the Noongar Land Fund and may be allocated for other purposes.

- (b) where, as a result of receiving the Program of Proposed Works the RC becomes aware of any particular cultural heritage concern arising from a proposal to conduct an Activity (including concerns as to the extent of the proposed Activity and the number of sites that may be affected), the RC will use its best endeavours to raise those concerns with the Proponent as soon as practicable after receipt of the Program of Proposed Works.

- (b) The Proponent does not have to issue an Activity Notice where the Activities proposed to be conducted consist entirely of:
 - (i) Minimal Impact Activities; or
 - (ii) Low Ground Disturbance Activities of a class that the RC has notified in writing to the Proponent need not be the subject of an Activity Notice.
- (c) If the Proponent has any doubt, including because of consideration of the Due Diligence Guidelines, as to whether clauses 8.1(a) and 8.1(b) operate to exempt the Proponent from issuing an Activity Notice, then the Proponent shall issue the Activity Notice in any event.

- (g) To avoid doubt, the Proponent may modify any aspect of the Activity Notice up to the time of receiving the Activity Notice Response. Proposed modifications to the Activity Notice after receipt of the Activity Notice Response shall be discussed between the Parties but, acting reasonably, the RC shall have the right to request a fresh Activity Notice instead of dealing with the proposed modified Activity Notice. If a fresh Activity Notice is issued the time limits in clause 16.1(a) shall apply as if that were a new Activity Notice. The Proponent may also request any of the items referred to in part 1.2(f) of Schedule 4 at any later time, in accordance with clause 12.2.

8.3 Considering the Activity Notice and deciding whether a Survey is required

- (a) The RC will consider the Activity Notice and shall, within 15 Business Days after receipt of such Activity Notice or modified Activity Notice, notify the Proponent in writing as to whether the RC considers that a Survey is required (**Activity Notice Response**). In coming to its decision the RC shall take into account:
 - (i) the extent to which the Activity Program described in the Activity Notice consists of Low Ground Disturbance Activities; and
 - (ii) the extent to which the land and waters the subject of the Activity Notice have been the subject of a previous Aboriginal Heritage Survey. In considering this factor, the RC will consider whether it is clear from the reported results of the previous Aboriginal Heritage Survey that the Activities disclosed in the Activity Notice can be carried out without damaging Aboriginal Heritage; and
 - (iii) any relevant previous decisions by the RC under clause 8.3(b); and
 - (iv) any other matter the RC reasonably considers relevant, including if appropriate a visit to the Agreement Area with representatives from the Proponent and from DAA.

- (b) The Proponent shall be free to carry out any Activity in the Agreement Area without conducting a Survey where:
 - (i) the RC so agrees in writing; or
 - (ii) the RC waives its right under this NSHA to require a Survey of the proposed Activity;
 whether in an Activity Notice Response or otherwise.
- (c) Either Party may request additional information from the other at any time to enable discussion and proper consideration of the Activity Notice.
- (d) If in its Activity Notice Response the RC indicates that it considers that a Survey is required, then the Activity Notice Response shall set out the following additional information:
 - (i) if different to the opinion given by the Proponent in the Activity Notice in accordance with part 1.2(a) of Schedule 4 a statement of the extent to which the Activity Program consists of Low Ground Disturbance Activity, in the RC's opinion; and

 - (iii) if different to the date or dates nominated by the Proponent in the Activity Notice in accordance with part 1.2(e) of Schedule 4, a nomination of a proposed Survey start date or finish date taking into account the availability of the Aboriginal Heritage Service Provider, if contracted by the RC; and
 - (iv) if practicable, and subject to clause 9.5(a), an estimate of costs to conduct the Survey; and
 - (v) an election, or not, by the RC as to whether it will:
 - (A) contract the Aboriginal Heritage Service Provider; or

Consultants for the Survey. If these details are not provided to the Proponent either in the Activity Notice Response or within 10 Business Days after the Survey Agreement Date, the Proponent may contact DAA for details of persons identified by DAA who have previously been recorded on the Aboriginal Heritage Register in relation to particular sites in the Survey Area.

8.4 Disagreements following Activity Notice Response

If, following receipt by the Proponent of the Activity Notice Response, the Parties are in disagreement on any matter concerning the conduct of a proposed Survey, the Parties shall then endeavour to agree on all outstanding matters by following the provisions of clause 9. To avoid doubt, until the Parties have consulted under clause 9 during the period of 20 Business Days referred to in clause 9.1(d), no Party is entitled to invoke the dispute resolution provisions of clause 18 in respect of any matter the subject of this clause 8.

9.2 Whether a Survey is required

- (a) The Parties' discussions regarding whether a Survey is required will be guided by the matters in clauses 8.3(a), and 9.2(b).

- (b) The following provisions shall apply to the Parties' discussions about whether a Survey is required.
- (i) Where no previous Aboriginal Heritage Survey (whether under this NSHA or otherwise) has been undertaken in relation to the area of land and waters the subject of the Activity Notice, there is a non-binding presumption that a Survey is required unless otherwise agreed or waived in accordance with clause 8.3(b).
 - (ii) Where this NSHA does not deal with the particular circumstance as to whether a Survey is required, there is a non-binding presumption that a Survey is required.
 - (iii) Where a previous Aboriginal Heritage Survey (whether conducted under this NSHA or otherwise) has, or if not clear, reasonably appears to have, covered the area the subject of the Activity Notice, there is no presumption either way as to whether a Survey is required. Subject to confidentiality provisions, the Proponent must (if it is in their possession or control) provide by way of notice a copy of the written report of the previous Aboriginal Heritage Survey to the RC (if such copy has not already been provided with the Activity Notice).
 - (iv) Subject to the presumptions in clauses 9.2(b)(i) and 9.2(b)(ii), and the matters described in clause 9.2(b)(iii), in determining whether a Survey is required, the Parties will have regard to the following matters:
 - (A) the nature of the Activities outlined in the Activity Notice; and
 - (B) whether there has been any previous Aboriginal Heritage Survey and the age, methodology, participants, standard and results of that survey; and
 - (C) the extent to which the land has been affected by previous ground disturbing activities; and

 - (F) any other relevant matters raised by any of the Parties.

9.3 Agreements regarding Low Ground Disturbance Activity

- (a) The Parties' discussions to confirm the extent of Low Ground Disturbance Activity, and whether a Survey is required in respect of such Activity, will be guided by the definition of Low Ground Disturbance Activity in this NSHA.

- (b) If the RC considers that a Survey in respect of any Low Ground Disturbance Activity is required, then the RC and the Proponent will each use their reasonable endeavours to address the concerns of the RC, by modifying the proposed Low Ground Disturbance Activity to limit the impact it may have on Aboriginal Heritage to the extent necessary to remove the need to conduct a Survey.

9.4 Selection of Survey Methodology

The discussions between the RC and the Proponent about Survey Methodology shall be conducted with a view to reaching agreement on a Survey Methodology that is fit for purpose, having regard to the RC's concerns for the Survey Area and the Activities proposed by the Proponent.

9.5 Estimate of costs of Survey when RC is contracting Aboriginal Heritage Service Provider

Where the RC has elected to be the Aboriginal Heritage Service Provider or to contract an Aboriginal Heritage Service Provider under 8.3(d)(v), the following provisions apply:

- (a) the Parties acknowledge that it may not always be possible for the RC or the RC's nominated Aboriginal Heritage Service Provider to provide an accurate cost estimate at the time of providing an Activity Notice Response, and that a cost estimate in many cases may need to be provided, or revised, following resolution of all other matters under this clause 9.
- (b) if an estimate of Survey costs has not been provided earlier, then the RC must ensure that by the end of the Survey Agreement Period, the Aboriginal Heritage Service Provider submits a written and itemised estimate of Survey costs to the Proponent for approval by the Proponent (the **Estimated Survey Costs**).

9.6 Selection of Aboriginal Heritage Service Provider and Principal Aboriginal Heritage Consultant

- (a) If the RC is contracting an Aboriginal Heritage Service Provider, and the RC's Activity Notice Response does not identify the RC's nominated Aboriginal Heritage Service Provider and (if different to the Aboriginal Heritage Service Provider) the Principal Aboriginal Heritage Consultant, then the RC will advise the Proponent of these nominations during the Survey Agreement Period.
- (b) The Parties acknowledge that, if the RC is contracting an Aboriginal Heritage Service Provider, the Proponent will not usually have any role in nominating an Aboriginal Heritage Service Provider or a Principal Aboriginal Heritage

Consultant (if different), subject however to the rights of the Proponent under clause 16.1(e) in the event of delays.

- (c) If the Proponent or the RC has reasonable concerns about the expense, competence or impartiality of the Aboriginal Heritage Service Provider or the Principal Aboriginal Heritage Consultant (as the case may be) to be contracted by the RC or the Proponent (as the case may be), it may request the other Party to consider another anthropologist, archaeologist or appropriately qualified professional to act as Aboriginal Heritage Service Provider or the Principal Aboriginal Heritage Consultant (as the case may be).
- (d) If the Parties cannot reach agreement on the Aboriginal Heritage Service Provider or the Principal Aboriginal Heritage Consultant (as the case may be) to be contracted by the RC or the Proponent within the Survey Agreement Period, then in addition to and without limiting the Proponent's general rights under clause 16.1(e), the RC or the Proponent (whichever is the non-contracting party) may nominate an alternative proposed Aboriginal Heritage Service Provider or Principal Aboriginal Heritage Consultant and the other Party shall promptly respond to any such nomination and shall ensure that it does not unreasonably withhold its approval to appointing such nominee as the Aboriginal Heritage Service Provider or the Principal Aboriginal Heritage Consultant (as the case may be).

About these Guidelines

These Guidelines and the Aboriginal Heritage Matrix are for general assistance only. Land users should always obtain independent advice on the application of the *Aboriginal Heritage Act 1972* (AHA) (WA) to their particular circumstances. When using these Guidelines the ‘precautionary principle’* should be applied to any circumstance where doubt exists, particularly about:

- the potential impact to Aboriginal heritage; and/or
- the nature and level of potential impact of the proposed activity(s).

If doubt exists the land user should contact the Department of Aboriginal Affairs in the first instance:

Telephone: 1300 651 077 or 08 6551 8004

Website: www.daa.wa.gov.au/

*The Precautionary Principle

To apply a precautionary approach to the assessment of risk to Aboriginal heritage ensures all aspects of potential risk are considered and appropriate steps are applied to avoid or minimise damage to Aboriginal sites.

PART 1 - INFORMATION TO ASSIST IN USING THESE GUIDELINES

Aboriginal Heritage Act 1972

- 1.0 The *Aboriginal Heritage Act 1972 (AHA)* (WA) was enacted to ensure that Aboriginal heritage to which the AHA applies could be appropriately protected and preserved.
- 1.1 Under section 10 of the AHA, the Minister's role is to ensure that, as far as reasonably practicable, all places in Western Australia which are traditionally or currently of sacred, ritual or ceremonial significance to Aboriginal people are properly recorded and their importance evaluated. This is to assist in determining priorities for the protection and preservation of Aboriginal heritage.
- 1.2 See **Appendix 1 – Definitions** for a list of terms and their definitions as used in the AHA or these Guidelines.

Definition of an Aboriginal Site

- 1.3 As defined in section 5 of the AHA an Aboriginal site is:
 - (a) any place of importance and significance where persons of Aboriginal descent have, or appear to have, left any object, natural or artificial, used for, or made or adapted for use for, any purpose connected with the traditional cultural life of the Aboriginal people, past or present;
 - (b) any sacred, ritual or ceremonial site, which is of importance and special significance to persons of Aboriginal descent;
 - (c) any place which, in the opinion of the Committee, is or was associated with the Aboriginal people and which is of historical, anthropological, archaeological or ethnographical interest and should be preserved because of its importance and significance to the cultural heritage of the State; and
 - (d) any place where objects to which this Act applies are traditionally stored, or to which, under the provisions of this Act, such objects have been taken or removed.
- 1.4 See **Appendix 2 – Types of Aboriginal Sites and Landscape features which may contain a site** – for a brief description of the various types of Aboriginal sites that can be found in Western Australia.

Offences relating to Aboriginal Sites

- 1.5 Under section 17 of the AHA, a person who excavates, destroys, damages, conceals or in any way alters any Aboriginal site commits an offence, unless he or she acts with the authorisation of the Registrar of Aboriginal Sites (Registrar) under section 16 or the consent of the Minister of Aboriginal Affairs (Minister) under section 18.
- 1.6 All land users who wish to use land for a purpose which might contravene section 17 of the AHA must exercise due diligence in trying to establish whether or not their proposed activity on a specified area may damage or destroy an Aboriginal site.
- 1.7 Section 15 of the AHA provides that any person who has knowledge of any thing or place to which the AHA applies or might reasonably be suspected to apply has an obligation to report it to the Registrar. However, according to section 7(1)(b) Aboriginal people are not compelled to disclose information or otherwise act contrary to any prohibition of the relevant Aboriginal customary law or tradition.

Administration of the AHA

The Minister for Aboriginal Affairs

- 1.8 Responsibility for the administration of the AHA is vested in the Minister for Aboriginal Affairs under section 11A. The Minister is required to have regard to the recommendations of the Registrar for Aboriginal Sites and the Aboriginal Cultural Material Committee but is not bound by these recommendations.

The Register

- 1.9 The Register is established under section 38 of the AHA and must, so far as is practicable, include:
 - (a) protected areas (section 19);
 - (b) Aboriginal cultural material; and
 - (c) Aboriginal sites and objects to which the AHA applies.
- 1.10 The Register lists all **known** Aboriginal sites reported to the Registrar pursuant to section 15 of the AHA and all areas currently protected under section 19.
- 1.11 The Register does not include undiscovered or unregistered sites. Irrespective of a site being either known, or assessed by the DAA, and/or on the Register,

importantly the AHA affords protection to **all Aboriginal sites** which can be determined to meet the section 5 definitions.

- 1.12 The Register is an essential reference tool which can assist land users in identifying locations where Aboriginal heritage is present.

The Registrar

- 1.13 The Registrar of Aboriginal Sites (**Registrar**) is appointed to undertake various obligations under the AHA including the management of the Register of Aboriginal Places and Objects (often referred to as the Register of Aboriginal Sites).

The Department of Aboriginal Affairs

- 1.14 The Department of Aboriginal Affairs (**DAA**) is responsible for administering the AHA. The DAA works with Aboriginal people to preserve and manage Aboriginal sites of importance and significance.

The Aboriginal Cultural Material Committee

- 1.15 The Aboriginal Cultural Material Committee (**Committee**) also referred to as the APMC, evaluates on behalf of the community the importance or significance of Aboriginal places and objects and recommends to the Minister places and objects which are, or have been of special significance to Aboriginal people. The Committee's advice may include recommendations about the preservation or management of Aboriginal sites and objects.
- 1.16 The members of the Committee are drawn from various parts of Western Australia and are people who, in the opinion of the Minister, have special knowledge, experience or responsibility that will assist the Committee in the recognition and evaluation of the cultural significance of matters coming before the Committee.

Distinction between Aboriginal heritage and native title

- 1.17 The *Native Title Act 1993* (Cwlth) (**NTA**) provides for the recognition and protection of native title rights and interests by which Aboriginal people have maintained a traditional connection to their land and waters since sovereignty. The NTA further provides that native title rights have been extinguished over land that has been subject to particular grants of land tenure (e.g. freehold and leasehold). By contrast, regardless of the underlying land tenure, the AHA applies to all land in Western Australia.

- 1.18 Where the Federal Court makes a native title determination that certain Aboriginal people hold native title rights, it will generally include rights to, for example, "visit, maintain and protect from physical harm, areas, places and sites of importance in the Determination Area" which are essentially rights to manage cultural heritage. In that regard, native title holders should be afforded primary authority for Aboriginal heritage within an area where native title rights have been determined.

PART 2–ABORIGINAL HERITAGE– DUE DILIGENCE GUIDELINES

Purpose of the Due Diligence Guidelines (Guidelines)

- 2.0 All Aboriginal sites are protected by the AHA, whether or not they have previously been identified or registered, provided that the site can be determined to meet the section 5 definitions.
- 2.1 A land user is obliged to comply with the provisions of the AHA and failure to do so may result in prosecution. Section 17 of the AHA provides that it is an offence to excavate, destroy, damage, conceal or in any way alter an Aboriginal site. Therefore land users should carefully evaluate how a proposed activity may affect Aboriginal heritage.
- 2.2 In proceedings for an offence under the AHA, section 62 provides a ‘special defence of lack of knowledge’. Section 62 states that "it is a defence for the person charged to prove that he did not know and could not reasonably be expected to have known, that the place or object to which the charge relates was a place or object to which [the AHA] applies".
- 2.3 The purpose of these Guidelines is to assist land users to be more aware of how their activities could adversely impact an Aboriginal site. Compliance with these Guidelines will not of itself guarantee compliance with the AHA. However, where the Guidelines are followed, it is less likely that Aboriginal sites will be harmed.
- 2.4 Due diligence may involve one or all of the following actions:
 - (a) assessing the landscape where an activity is to take place;
 - (b) assessing the proposed activity and the potential impact on the landscape;
 - (c) searching the Register of Aboriginal Sites and the Aboriginal Heritage Inquiry System;
 - (d) consulting with the relevant Aboriginal people;
 - (e) agreeing to an Aboriginal heritage survey; or
 - (f) other heritage management strategies.

Assessing the landscape where an activity is to take place

- 2.5 The possibility of a landscape containing Aboriginal sites will differ between land which has had considerable previous land use, for example intensive land clearing or

development, and land which is largely in its natural state or is remote and undisturbed by previous development.

- 2.6 Similarly, some landforms are more likely than others to serve as an indicator of Aboriginal traditional activity than others. Landscape features which may contain Aboriginal sites and should be approached with some caution include, but are not limited to: rock outcrops, rock shelters, caves, alluvial terraces, foreshores and coastal dunes, ranges and hills, natural wetlands, waterholes, springs, gnamma holes, rivers, creeks, streams, swamps, hills and mound formations, or areas with potential archeological deposits.
- 2.7 An assessment of the area where an activity is proposed may reveal evidence (artefacts or other signs) about previous Aboriginal traditional activity. Please see **Appendix 2 – Types of Aboriginal sites & landscape features which may contain a site.**

Assessing the proposed activity and the potential impact on the landscape

- 2.8 A land use activity can range in effect, from an activity unlikely to impact on Aboriginal sites to an activity highly likely to impact (i.e. damage and destroy) Aboriginal sites. For example, an aerial survey will not physically damage Aboriginal sites whereas blasting or ground excavation can cause extensive damage to an Aboriginal site.
- 2.9 **Schedule 1 – Land Activities by Category** – provides a brief list of land activities categorised by the level of likely disturbance. **Schedule 2 – The Aboriginal Heritage Matrix** – provides an indicative guide to the relationship between previous land use and the category of land activity.

Major Development Projects

- 2.10 A major project which potentially involves multiple ground-disturbing activities over a large area (for example, a port with rail and road access) may require the preparation of an integrated plan to manage Aboriginal heritage, rather than applying a piecemeal approach to different activities within the total project area.
- 2.11 Aboriginal heritage is one compliance requirement a project developer should address as early as possible. Early consultation with Aboriginal people can help to identify how to minimise or avoid any disturbance of Aboriginal sites. Leaving heritage management to the later stages of project planning can risk delays whilst the relevant

information or approvals are obtained.

- 2.12 See the Department of State Development's website for general information about the range of project approvals linked to major projects (www.dsd.wa.gov.au/6734.aspx).

Searching the Register of Aboriginal Sites and the Aboriginal Heritage Inquiry System

- 2.13 Once a land user has identified the proposed activity and considered the level of previous land use, the next step is to establish the possible existence of an Aboriginal site. The key reference tool is the Register of Aboriginal Sites accessible online via the DAA's website. The Register is incorporated into the Aboriginal Heritage Inquiry System (AHIS).
- 2.14 The Register lists all **known Aboriginal sites** reported to the Registrar pursuant to section 15 of the AHA and all areas protected under section 19. See paragraphs 1.9-1.12 of these Guidelines for a fuller description of the Register.
- 2.15 The AHIS enables members of the public to search areas in Western Australia for identified Aboriginal sites and areas previously subject to heritage surveys processed by DAA. The surveys may indicate whether or not Aboriginal sites are present or whether some areas have been marked for avoidance.
- 2.16 The AHIS can be accessed online through DAA's website (www.daa.wa.gov.au/AHIS/default.aspx).
- 2.17 Please note: Land users should exercise caution in areas where no surveys have been completed, or where surveys have only been completed for parts of the area where the proposed activity is intended. Caution is required because heritage surveys over only part of the land may not have identified all possible sites. Sole reliance on information contained in the Register may not be sufficient and consultation in the first instance with the DAA is recommended, depending on the DAA's advice this consultation may extend to include the relevant Aboriginal people.

Consulting with the relevant Aboriginal people

- 2.18 Information about the Aboriginal heritage for a particular area is best obtained through consultation with the relevant Aboriginal people. Whilst there is no definitive list of Aboriginal people who should be consulted for an area, the Committee suggests that the following people at least should be consulted:

- (a) determined native title holders;
- (b) registered native title claimants;

- (c) persons named as informants on Aboriginal site recording forms held in the Register at DAA; and
 - (d) any other Aboriginal people who can demonstrate relevant cultural knowledge in a particular area.
- 2.19 Consultation in this context means engaging meaningfully with the relevant Aboriginal people. The purpose of such consultation could be:
 - (a) to provide easily understood information about the proposed land use and to seek responses from the relevant Aboriginal people;
 - (b) to identify sites in the area that may not have been registered;
 - (c) to assess whether the proposed land activity might damage Aboriginal sites; and
 - (d) to develop strategies for heritage management for the proposed land use and for any longer term disturbance that might occur as part of the activity (e.g. construction of power poles and later periodic maintenance).
- 2.20 Consultation might not lead to consensus but provide a basis upon which decisions can be made.
- 2.21 It should be noted that Aboriginal people are not obliged to divulge culturally specific or sensitive information and in some cases Aboriginal law and custom may prevent such disclosure. Nonetheless, heritage management strategies can be developed to protect sites even if details are limited.
- 2.22 If a land use activity is likely to impact upon Aboriginal heritage, it is best that heritage management strategies are implemented early in the planning process. **Early engagement and consultation** can help to identify ways to minimise and avoid damage to or disturbance of Aboriginal sites. Leaving heritage management to the later stages of project planning can potentially delay the land user whilst he/she obtains the relevant information or approvals.
- 2.23 Please note. Consultation with the relevant Aboriginal people is a pre-condition to the Committee's consideration of an application for consent or approval under the AHA.

Native Title Future Acts

- 2.24 Where a license or permit application is submitted under a state law which triggers the 'future act' provisions (Division 3 of the NTA), particularly where a license proposes a significant ground disturbing activity, it is likely that an Aboriginal heritage survey of the area will be required.

- 2.25 An Aboriginal heritage agreement cannot dis-allow or modify the operation of the AHA. All parties are bound by the provisions and obligations of the AHA.

Failure to reach agreement about conducting an Aboriginal Heritage Survey

- 2.26 Where agreement cannot be reached with the relevant Aboriginal people for the area to undertake an Aboriginal heritage survey, the land user continues to be bound by the provisions of the AHA. The land user is still obliged to either avoid the site or to apply for consent to impact the site.
- 2.27 If at any time it is likely that the proposed activity will in any way impact on a registered Aboriginal site, or a suspected Aboriginal site is uncovered and consent under section 16 or 18 has not been granted to impact the site, then the activity should cease immediately and the land user should contact the DAA and the relevant Aboriginal people.

Strategies for managing Aboriginal heritage

Site avoidance strategies

- 2.28 If an Aboriginal site is on or close to an area where a land user proposes an activity which may damage, destroy or alter an Aboriginal site the land user should investigate strategies for avoiding the site or limiting disturbance to the site. The land user will consult with the relevant Aboriginal people to:
- (a) seek advice as to how best the activity may be managed to avoid damage;
 - (b) where necessary, conduct an Aboriginal heritage Survey;
- 2.29 The land user may seek authorisation or consent to the activity under either the AHA or the Regulations to proceed with the activity, ideally with the support of the relevant Aboriginal people.

Consent to an activity

- 2.30 Consent or authorisation is usually given in one of three ways:
- (a) **section 18** of the AHA provides that, in order to avoid committing an offence under section 17, a land owner may give notice to the Committee that he or she requires to use the land for a purpose that might impact on a heritage site

unless consent is given by the Minister to the use of the land for that purpose. The Committee considers the notice and makes a recommendation to the Minister for Aboriginal Affairs. The Minister then makes a decision whether or not to consent to the use of the land. If consent is granted, the Minister can also impose conditions;

- (b) **section 16** of the AHA provides that the Registrar, on the advice of the Committee may authorise entry upon and excavation of a site and removal of items from that site; or
- (c) **regulation 10** of the *Aboriginal Heritage Regulations 1974* (WA) (AHR) details particular activities that require written authorisation from either the Registrar or the Minister before any such activities can occur on land and/or property to which these Regulations apply.

Limiting impact to an Aboriginal site

- 2.31 Particular care should be taken where a land user proposes to undertake activities that may potentially cause further disturbance inside the boundaries of a registered Aboriginal site, or where there are sites which are yet to be assessed by the Committee, or in areas which have not previously been surveyed and may include landscape features as set out under **Appendix 2 – Types of Aboriginal sites and landscape features likely to contain a site.**
- 2.32 It is important to be informed about the possibility of an area containing an Aboriginal site. Extra care must be taken prior to proceeding with any land activity that may cause disturbance to an Aboriginal site.

Schedules 1 and 2 of these Guidelines

- 2.33 Schedules 1 and 2 are provided for general guidance only. In case of doubt a land user should contact the DAA for further information and/or assistance on 1300 651 077 or through their website: <http://www.daa.wa.gov.au/contact-us/>.

SCHEDULE 1 – LAND ACTIVITIES BY CATEGORY

The below five lists are examples of typical development activities. Land users should apply the precautionary principle and use their own initiative to assess their intended activity with those described below. In cases where the activity does not correspond with those listed below, a land user should compare it as closely as possible with one or more of the listed activities.

Please note: The following lists of activities are not intended to be exhaustive. Their inclusion is to demonstrate the likely activities within the categories. If in doubt please seek advice from the DAA on 1300 651 077 or through the website: www.daa.wa.gov.au/contact-us/.

These categories are intended to be used in conjunction with the **Aboriginal Heritage Matrix (Matrix)** in **Schedule 2**.

1. Negligible Disturbance

Activities which are non-invasive and cause negligible or no impact to the land may include:

- walking, photography, filming;
- aerial surveying/magnetic surveys;
- use of existing tracks, water courses;
- environmental monitoring;
- water and soils sampling;
- fossicking using hand held instruments;
- spatial measurement; and
- scientific research, using hand held tools.

2. Minimal Disturbance

Activities that cause minimal disturbance to the land may include:

- cultivation/grazing in areas previously cultivated/grazed;
- maintenance of existing paths, walls, roads, tracks, bridges, public infrastructure (e.g. electrical, water, sewage) and community utilities within the existing footprint and adjacent service areas;
- feral animal eradication, weed, vermin and pest control, vegetation control and fire control; and
- light vehicular access and camping.

3. Moderate Disturbance

Activities that cause moderate disturbance to the land may include:

- work program clearance;
- sampling using hand held rig or rig mounted on a light vehicle;
- new fire breaks;

- re-vegetation;
- temporary power lines;
- temporary gravel or soil stockpile; and
- temporary camps.

4. Significant Disturbance

Activities that cause significant disturbance to the land may include:

- creation of new roads or tracks;
- new public access ways, bridges, culverts, flood remediation and erosion levies;
- land clearing over more than a small area;
- intensive soil/core sampling;
- new pipelines;
- significant reclamation works; and
- major landscaping/contouring.

5. Major Disturbance*

Activities that cause major and lasting disturbance to the land may include:

- large-scale land clearing;
- exploration drilling;
- bulk sampling, soil excavation;
- mechanical earthmoving, blasting;
- major construction works;
- open cut mining;
- large scale changes to waterways; and
- industrial development.

*Major developments (for example a new freeway or a port) can create the need for comprehensive heritage management plans i.e. planning which amounts to more than an assessment of individual activities and their possible impact on Aboriginal heritage. For guidance on major development projects see section 2.10 – 2.12 of these Guidelines.

SCHEDULE 2 – THE ABORIGINAL HERITAGE RISK MATRIX

| Medium Risk (Review /Exercise Caution) | Review the landscape and proposed activity (as above). The precautionary principle (see page 2) applies. Refer to the AHIS and contact the DAA. A range of actions may be recommended, including: no action, consultation with the relevant Aboriginal people, an Aboriginal heritage survey or modification of the proposed activity to avoid or minimise site impact. | | | | | |
| High Risk (Consult / Survey / Approvals) | Refer to the AHIS. Consult with the DAA and the relevant Aboriginal people. Dependent on consultation outcomes you may need to include: an Aboriginal heritage survey, modification of the proposed activity to avoid or minimise (see sections 2.24 - 2.28) impact to the site and/or other heritage management strategies. The land user may also need to apply for approval or consent (see section 2.26) to the activity. | | | | | |
| For major development projects refer to sections 2.10 - 2.12 for further advice. | | | | | | |

Appendix 1 – Definitions

In addition to the definitions used in the AHA the following definitions are used within these guidelines:

Aboriginal heritage means the Aboriginal site or object as defined in sections 5 and 6 of the AHA.

Aboriginal Heritage Risk Matrix means the document attached at Schedule Two of these Guidelines (as amended from time to time).

Aboriginal Heritage Survey means a survey conducted by a suitably qualified archaeologist, ethnographer, anthropologist or other heritage professional who investigates the Aboriginal heritage of an area. For site identification, work area clearance or site avoidance surveys the relevant Aboriginal people will nominate Aboriginal consultants (usually 6 people) from their group who provide first-hand knowledge and guidance about the Aboriginal heritage of the area. There are several types of Aboriginal heritage surveys:

- desk top study, a preliminary investigation of Aboriginal heritage;
- site identification survey;
- work area clearance survey; and
- site avoidance survey.

Aboriginal Heritage Survey Report means a report by a suitably qualified archaeologist, ethnographer, anthropologist or other heritage professional, that communicates the results of the Aboriginal heritage survey. Aboriginal heritage survey reports constitute a significant portion of the Register of Aboriginal Sites. Guidance about the type of information to be included in the various types of Aboriginal Heritage Survey Reports is available from the DAA's website.

Consultation means a process of enquiry and response between a land user and relevant Aboriginal people to provide information or assistance in identifying any need for site identification, heritage survey and/or land use activity proposal modification. Consultation should include details of proposed land use activity.

Disturbance means any activity which will physically alter the surface or ground of the land or waters.

Proposed activity means any planned activity on the land or water that may result in varying degrees of disturbance.

Native Title Claimant means the Aboriginal people who have lodged a native title determination application over a particular area of land and waters.

Native Title Holder means there has been a determination by the Federal Court that a named group of Aboriginal people hold the native title rights and interests over a particular area of land and/or waters.

Appendix 2 -Types of Aboriginal sites and landscape features which may contain a site

The following is an overview of the various types of sites that can be found in Western Australia. This list is not exhaustive.

Artefacts: An artefact site is a place where human activity is identifiable by the presence of a portable object/s (e.g., stone, glass, bone, shell) utilised or modified by Aboriginal people in relation to traditional cultural life past or present.

Fish Trap: A stone, wood, or other similar structure made by Aboriginal people for catching fish. Such structures are generally found on the coast of Western Australia, and in its lakes and rivers.

Man-made structure: The placement or arrangement, by Aboriginal people, of stone, wood or other material made into a structure for ceremonial or utilitarian purposes.

Mythological: A place that is connected to the great spirit ancestors, in their various manifestations, of the 'Dreamtime' which continues to be important and of special significance to persons of Aboriginal descent.

Repository/Cache: A place where cultural or utilitarian objects are/were taken, or stored, by Aboriginal people, either past or present.

Ceremonial: A place used for a formal act or series of acts prescribed by ritual, belief in a mythological manifestation, religious belief or observance, protocol or convention that is connected with the traditional cultural life of Aboriginal people past or present.

Grinding patches/Grooves: A place where grinding patches or grooves can be found. Grinding patches or grooves are smoothed areas or grooves on rock surfaces (non-portable) that have been created by grinding activity associated with food production such as seed milling, preparation of pigments, tool manufacture and/or maintenance and ritual.

Midden: A place where there is an accumulation of shell refuse that is derived from exploitation of a mollusc resource by Aboriginal people. Such sites may also contain artifacts, fireplaces, burnt shell and bones.

Painting: Places where Aboriginal people have painted on surfaces. Paintings (including daubings, drawings, stencils, prints) can be figurative or non-figurative markings or motifs on surfaces such as rocks, rock walls and trees at fixed locations that are produced by adding pigments and or mediums, such as ochre, blood, beeswax, animal fats, vegetable dyes, tree saps.

Skeletal material/Burial: A place where Aboriginal skeletal material is buried and/or where mortuary practices occurred.

Engraving: A motif (either figurative or non-figurative) on a rock surface produced by percussion or abrasion. Engravings are also often referred to as petroglyphs.

Historical: A place that has historical associations with Aboriginal people and may or may not contain physical evidence of those associations.

Modified or Scarred tree: A place with one or more tree(s), living or dead, that has been modified by Aboriginal people by removing the bark or wood resulting in the formation of a scar. This sort of modification was and is frequently done for the making of implements, tools or other materials that were used in traditional cultural practices.

Quarry: Places where there is evidence for the extraction of stone or ochre.

Landscape features, which possibly contain Aboriginal sites and should therefore be approached with care, include but are not limited to:

- (a) rock outcrops;
- (b) caves;
- (c) foreshores and coastal dunes; (d) ranges and hills;
- (d) areas of bio-geographical significance, such as natural wetlands;
- (e) permanent and semi-permanent waterholes, natural springs, gnamma holes, and watercourses;
- (f) some hill and mound formations; and
- (g) areas with potential archaeological deposit, such as rock shelters, caves, alluvial terraces, dune deposits and other relevant geo-morphological features.

The views of the relevant Aboriginal people are a key factor in identifying and assessing sites. Appropriately qualified persons such as anthropologists, archaeologists and historians can also provide valuable assistance.

Appendix 3 – Contact Details for the Relevant Aboriginal People

Information about the Aboriginal heritage for a particular area is best obtained through consultation with the relevant Aboriginal people. Whilst there is no definitive list of Aboriginal people who should be consulted for an area, the Committee suggests that the following people at least should be consulted:

- (a) determined native title holders*;
- (b) registered native title claimants;
- (c) persons named as informants on Aboriginal site recording forms held in the Register at Department of Aboriginal Affairs (DAA); and
- (d) any other Aboriginal people who can demonstrate relevant cultural knowledge in a particular area.

*When a determination of native title is made, the NTA requires the native title holders to establish a prescribed bodies corporate (PBC), also known as a registered native title body corporate. PBC's hold in trust, or manage, the native title rights and interests of the native title holders.

The following contact details are subject to change. To confirm contact details please use the website of the 'Office of the Registrar of Indigenous Organisations' (ORIC).

All our Noongar people stand here on Noongar land.

Past, present and future.

We stand strong on our land.

The mungart tree symbolises our strength and survival.

All of our people stand firm on our land.

Our people are here to stay — we will always be.

We, the Noongar people, are the traditional owners of South West Western Australia, and have been since before time immemorial. As the First People of South West Western Australia, we continue to practise the laws and customs of our culture. Through this culture, we continue to hold rights, responsibilities and obligations in relation to our people, traditional lands and waters.

We, the Noongar people, are the largest single Aboriginal cultural bloc on the Australian continent. We belong to one of the oldest surviving living cultures on this earth. As a people, we have a common ancestral language, and a similar history and spirituality. We know that our traditional country is south and west of a line that stretches from Geraldton in the north to Cape Arid in the south-east, and that the spirit of this place can never be conquered.

Noongar culture, spirit and economy have always depended on the resources of Noongar boodja. Families still return to the biddi (paths) of our ancestors. Our people continue to refer to natural landmarks, especially hills and waterways, when describing which families belong to different areas of Noongar boodja. Although barriers may exist, it is still in our hearts, in our blood, it is still our country.

2. Principles underpinning this Strategy

- (a) The State acknowledges that land is intrinsically linked to the spiritual, social and economic wellbeing of the Noongar community.
- (b) The establishment of the NLE under this Agreement provides a significant opportunity for the Noongar community to achieve sustainable economic, social and cultural outcomes. The State recognises that the creation of an economic and culturally sustainable NLE is in the long term interest of both the State and the Noongar community.
- (c) The State, SWALSC and the Native Title Agreement Groups recognise that the creation of the NLE is a fundamental part of this Agreement and all parties commit to working together to maximise Noongar outcomes in regards to the NLE. It is the intention of all parties that the NLE reach the maximum hectare targets for transfer set out in this Strategy.
- (d) The State, SWALSC and the Native Title Agreement Groups acknowledge that the creation of the NLE is unprecedented in Australia, and will only reach its full potential if all Parties engage in the process in a spirit of cooperation. In particular, any concerns about inclusion of parcels of land in the NLE must be resolved in a timely and cooperative manner, with no Party placing unrealistic expectations on another.

- (e) The State commits to develop long-term and productive partnerships with the Trustee and the Regional Corporations to assist in achieving these outcomes.
- (f) The State recognises the role of the Trustee and the Regional Corporations in representing the interests of the Noongar people, who are the custodians and traditional knowledge holders of the Settlement Area.

3. Legislation

- (a) The Allocation of land to the NLE is subject to all relevant State laws and policies including the LAA, the *Mining Act 1978* (WA) (**MA**), the *Transfer of Land Act 1893* (WA) (**TLA**), and the *Planning and Development Act 2005* (WA) (**PDA**).
- (b) The proposed use and development of land in the NLE is subject to all relevant Commonwealth and State laws and policies.

4. Retention of the Statutory Rights, Powers and Duties

- (a) The Allocation of land to the NLE does not fetter the later exercise of any statutory rights, powers and duties including the:
 - (i) right to take land under Part 9 and 10 of the LAA; or
 - (ii) revocation of management orders, or the forfeiture etc. of a lease.
- (b) In the event that:
 - (i) the Trustee agrees that the order by which the care, control and management of a reserve is placed with the Land Sub (management order) should be revoked under section 50(1)(a) of the LAA; or
 - (ii) the Minister for Lands considers that revocation of a management order is in the public interest under section 50(2) of the LAA; or
 - (iii) the management order is revoked under Part 9 of the LAA,

in order that the land may be used for a public work or a public purpose, the State must consult with the Trustee and seek to reach agreement on whether to provide to the Trustee either alternative reserve land or compensation comprising the current unimproved value of the land as determined by the Valuer General. If no agreement can be reached, the State will decide whether alternative reserve land or monetary compensation will be provided and its decision is final.

5. Administration

5.1 Agency Responsibility

- (a) DoL is charged with the responsibility for administering Crown land under the LAA on behalf of the Minister for Lands for the State of Western Australia.
- (b) DoL is, and will continue to be, the agency coordinating and facilitating the creation of the NLE in so far as the creation relates to UMR and UCL in the Crown estate, whilst also liaising with other departments and agencies with respect to managed reserves that may be included in the implementation process, and freehold land that may be Allocated and included in the NLE as set out in clause 6(a) of this Strategy.
- (c) DoL will report to the State as part of the implementation process. DoL will also refer any key strategic or policy issues to the State for advice.
- (d) DoL must work closely with the Trustee to facilitate the creation of the NLE in accordance with this Strategy.
- (e) The State must provide current land cadastre information to the Trustee to assist with selection, and Allocation to the Trust of suitable parcels of UCL and UMR for inclusion in the NLE.

5.2 Priority Land Meetings

- (a) The State must facilitate meetings between representatives of DoL and the Trustee once every 3 months (**Priority Land Meetings**) until the end of the fifth year following the Trust Effective Date for discussions about areas of UCL and UMR identified and/or selected by the Trustee as land that is potentially eligible for inclusion in the NLE (**Priority Land**), but which have been determined by DoL to be ineligible for inclusion:
 - (i) after taking into account identification criteria referred to in clause 8.1 of this Strategy and UCL and UMR Implementation Process Chart Box 2a and 2c; or
 - (ii) after DMP assessment and consideration of the comments provided by State agencies and local government referred to in clauses 8.2, 8.4 and 8.5 of this Strategy and UCL and UMR Implementation Process Chart Box 10 and 13 ; or
 - (iii) prior to and after preparing Terms of Allocation referred to in clause 8.6 and 8.7 of this Strategy and UCL and UMR Implementation Process Chart Box 19 and 23.
- (b) The aim of the Priority Land Meetings is to discuss ways of accommodating the Noongar community's request that those parcels of Priority Land that are of significance to the Noongar community are included in the NLE, for example by way of amended tenure request or joint management. Whilst the State and the Trustee must use all reasonable endeavours to reach agreement, there is no guarantee that they will do so. There is also no obligation on the State to enter into secondary negotiations about these matters.

- (c) During the 3 month period between each Priority Land Meeting, DoL must advise the Trustee of any parcel of land that is deemed ineligible for inclusion in the NLE as soon as practicable after that decision is made as indicated in UCL and UMR Implementation Process Chart Box 2c, 4c, 10, 13, 19 and 23 (**Ineligibility Decision**), providing brief written reasons for the ineligibility to both the Trustee and the State.
- (d) Following receipt of an Ineligibility Decision or where otherwise expressly provided for in this Strategy, if the relevant land parcel is of significance to the Noongar community, the Trustee may notify the State that it wants discussion about that parcel of land included on the agenda for the next Priority Land Meeting. The notice must include brief written reasons why the parcel should be reconsidered for inclusion in the NLE.
- (e) At least 3 weeks prior to the quarterly meeting, the State must confer with the Trustee about inviting representatives from other agencies or local government to the quarterly meeting to assist the discussions and, if agreed, such representatives will be invited to attend.
- (f) The State must prepare an agenda for endorsement by the Trustee and DoL representatives which prioritises matters for discussion and resolution by reference to:
 - (i) the importance of resolving an issue regarding a particular land parcel to the Trust (or the Noongar community);
 - (ii) the time that it may take to resolve an issue (those requiring less time taking priority); and
 - (iii) the resources available to devote to the particular issue (e.g. the extent to which further investigations are required and may divert resources from ongoing NLE related work priorities).
- (g) If further negotiations about inclusion of Priority Land in the NLE are required between the Trustee and representatives from government agencies or local government, those negotiations will take place outside the Priority Land Meeting process, but the outcome of those negotiations must be reported to the State by the Trustee so that, if appropriate, the relevant land can be included in the NLE. Bilateral discussions between the Trustee and government agencies and local government about the inclusion of Priority Land in the NLE must be initiated through the Priority Land Meetings, and further negotiations with respect to decisions of government agencies or local government about the inclusion of Priority Land in the NLE require the consensus of DoL and the State before they proceed.
- (h) Where any parcel of Priority Land has been referred under this Strategy to a Priority Land Meeting and no agreement has been reached to include the parcel in the NLE, if the Trustee acting reasonably considers there has been a material change to the circumstances that previously prevented the parcel of Priority Land from being included in the NLE, the Trustee may notify the State that it wants further discussion about that parcel of Priority Land included on the agenda for the next Priority Land Meeting. The notice must include a brief written statement of the

material change in circumstance which the Trustee considers applies to the land.

- (i) Matters that are referred under this Strategy to a Priority Land Meeting for discussion and possible resolution are not subject to dispute resolution in accordance with the dispute resolution provisions in clause 15 of each Agreement.

5.3 Enquiries through DoL

- (a) The Trustee must direct all enquires related to the NLE (other than in relation to ineligible Priority Land) to DoL in the first instance.
- (b) DoL must then direct these enquiries to other agencies as required.
- (c) If a disagreement arises in relation to any enquiry referred to in clause 5.3(a) and 5.3(b) of this Strategy, and either DoL or the relevant agency is unable to resolve the disagreement with the Trustee, the matter must be referred to the State for further discussion with the Trustee.

6. What the NLE will Comprise

- (a) Subject to the various conditions being met and standard statutory approvals, clearances etc., being obtained as specified in this Strategy, the State must from:
 - (i) Crown land parcels comprising UCL and UMR (including land identified by the State, SWALSC or the Trustee), and
 - (ii) State held freehold and managed reserves identified by Government departments or agencies, which are identified as being eligible by the State for Allocation:
 - (iii) subject to clauses 6(b) and 6(f) and 7.2(c) of this Strategy, create reserves and issue management orders over reserves (including land that is to be reserved for this purpose), or grant leases, to be held by the Land Sub, of a minimum of 200,000 hectares and a maximum of 300,000 hectares of land within the period of 5 years commencing on the day after the Trust Effective Date; and
 - (iv) subject to clauses 6(c), 6(d) and 6(e) and 7.2(d) of this Strategy, transfer a minimum of 10,000 hectares and a maximum of 20,000 hectares of land in freehold within the period of five years commencing on the day after the Trust Effective Date to the Land Sub.
- (b) If the maximum amount of reserves, management orders or leaseholds have not been created, issued or granted by the end of the fifth year after the Trust Effective Date from the land identified for Allocation by the end of the fourth year after the Trust Effective Date, then reserves, management orders or leaseholds up to:
 - (i) the maximum of 300,000 hectares; or

- (ii) 50,000 hectares (whichever is less)

may be created, issued or granted during the period from the beginning of the sixth year after the Trust Effective Date to the end of the seventh year after the Trust Effective Date from the land identified for Allocation by the end of the fourth year after the Trust Effective Date;

- (c) If the maximum amount of land in freehold has not been selected by the Trustee from the land identified for Allocation by the end of the fourth year after the Trust Effective Date and transferred by the end of the fifth year after the Trust Effective Date, then the Trustee may seek to convert up to:

- (i) the maximum amount of 20,000 hectares; or
- (ii) a further 5,000 hectares, whichever is less,

to freehold from the reserves or leasehold land Allocated under this Strategy during the ten year period commencing at the beginning of the eighth year after the Trust Effective Date and finishing at the end of seventeenth year after the Trust Effective Date subject to the following conditions:

- (iii) other than the costs specified in clause 12 of this Strategy, no further consideration will be payable by the Trustee;
- (iv) the Trustee must obtain all approvals and undertake all referrals as requested by DoL specified in clause 8 of this Strategy;
- (v) the State does not guarantee that all approvals will be obtained to allow conversion up to the maximum amount;
- (vi) if approved pursuant to clause 6(c)(iv) of this Strategy, the Trustee will be required to make an application under the LAA for the land tenure to be changed and the freehold title to be granted;
- (vii) any decision to convert the land tenure is subject to the approval of the Minister for Lands; and
- (viii) once the cap of 20,000 hectares has been reached, the State will no longer fund the Trustee in meeting the purchase and other costs associated with conversion of land to freehold tenure.

- (d) During the ten year period commencing at the beginning of the eighth year after the Trust Effective Date and finishing at the end of seventeenth year after the Trust Effective Date the State must facilitate the conversion of a further 5,000 hectares of freehold from the existing reserve, or leasehold land Allocated under this Strategy subject to the following conditions:

- (i) other than the costs specified in clause 12 of this Strategy, no further consideration will be payable by the Trustee;

- (ii) the Trustee must obtain all approvals and undertake all referrals as requested by DoL specified in clause 8 of this Strategy;
 - (iii) the State does not guarantee that all approvals will be obtained to allow conversion up to the maximum amount;
 - (iv) if approved pursuant to clause 6(d)(ii) of this Strategy, the Trustee will be required to make an application under the LAA for the land tenure to be changed and the freehold title to be granted;
 - (v) any decision to convert the land tenure is subject to the approval for the Minister for Lands; and
 - (vi) once this cap of 5,000 hectares has been reached, the State will no longer fund the Trustee in meeting the purchase and other costs associated with conversion of land to freehold tenure.
- (e) If the Trustee does not meet the targets for selection and acceptance of freehold land set out in clause 7.2(b) of this Strategy for possible Allocation the State does not guarantee that a minimum of 10,000 hectares of land in freehold will be Allocated.
 - (f) If the Trustee does not meet the targets for selection and acceptance of land identified by the State for creation of reserves and management orders or grant of leaseholds (as the case may be) set out in clause 7.2(b) of this Strategy for possible Allocation the State does not guarantee that a minimum of 200,000 hectares of reserved or leasehold land will be Allocated.

7. Mandatory Targets for Identification, Selection and Acceptance of Land

7.1 Minimum amounts of land to be identified by the State

- (a) Minimum amount of freehold land to be identified by the State: The State must pursuant to clauses 8.1 and 8.2 of this Strategy identify a minimum of 20,000 hectares of land which is potentially eligible to be transferred in freehold for selection by the Trustee by the end of the fourth year after the Trust Effective Date.
 - (b) Minimum amount of leasehold land and reserve land to be identified by the State: The State must pursuant to clauses 8.1 and 8.2 of this Strategy identify a minimum of 300,000 hectares of land which is potentially eligible to be reserved, or for which management orders may be issued, or which may be granted in leasehold, for selection by the Trustee by the end of the fourth year after the Trust Effective Date,
- ((a) and (b) together, **Minimum Identified Amount**).
- (c) A minimum percentage of land which is potentially eligible to be Allocated must be identified by the State by the Trust Effective Date and for each year for the four years after the Trust Effective Date. That is:

- (i) a minimum of 10% (2,000 hectares) in freehold and 15% (45,000 hectares) in leasehold or reserve for combined minimum total of 47,000 hectares must be identified by the Trust Effective Date;
- (ii) a minimum of 10% (2,000 hectares) in freehold and 15% (45,000 hectares) in leasehold or reserve for combined minimum total of 94,000 hectares must be identified within the first year after the Trust Effective Date;
- (iii) a minimum of 35% (7,000 hectares) in freehold and 30% (90,000 hectares) in leasehold or reserve for combined minimum total of 191,000 hectares must be identified within the second year after the Trust Effective Date;
- (iv) a minimum of 35% (7,000 hectares) in freehold and 30% (90,000 hectares) in leasehold or reserve for combined minimum total of 288,000 hectares must be identified within the third year after the Trust Effective Date; and
- (v) a minimum of 10% (2,000 hectares) in freehold and 10% (30,000 hectares) in leasehold or reserve for combined minimum total of 320,000 hectares must be identified within the fourth year after the Trust Effective Date.

There is no maximum cap on how much land can be identified by the State in each year. If the State has identified 20,000 hectares of land which is potentially able to be transferred in freehold and 300,000 hectares of land which is potentially able to be reserved or granted in leasehold before the expiry of the periods specified in clauses 7.1(c)(i) to (v) of this Strategy, the State has no obligation to continue identifying land in accordance with this clause 7.1(c), but may do so. This is the case regardless of whether or not the Trustee has agreed to the Allocation of the minimum target percentages of land in accordance with clause 7.2(b) of this Strategy.

7.2 Minimum and maximum targets for selection and acceptance by the Trustee from identified land

- (a) The Trustee must select and accept the Allocation from land identified for Allocation under clause 7.1 of a minimum of 210,000 hectares and up to a maximum of 320,000 hectares of land by the end of the fourth year after the Trust Effective Date for inclusion into the NLE. No further land can be identified for Allocation after the end of the fourth year after the Trust Effective Date.
- (b) A minimum target percentage of land must be selected and accepted by the Trustee for Allocation under this Strategy from land identified for Allocation for each year for the four years after the Trust Effective Date, being:
 - (i) a minimum of 10% (1,000 hectares) in freehold and 15% (30,000 hectares) in leasehold or reserve for combined minimum total of 31,000 hectares must have been accepted by the Trustee for Allocation from land selected for Allocation by

the Trust Effective Date for Allocation after the Trust Effective Date;

- (ii) a minimum of 10% (1,000 hectares) in freehold and 15% (30,000 hectares) in leasehold or reserve for combined minimum total of 62,000 hectares within the first year after the Trust Effective Date;
 - (iii) a minimum of 35% (3,500 hectares) in freehold and 30% (60,000 hectares) in leasehold or reserve for combined minimum total of 125,500 hectares within the second year after the Trust Effective Date;
 - (iv) a minimum of 35% (3,500 hectares) in freehold and 30% (60,000 hectares) in leasehold or reserve for combined minimum total of 189,000 hectares within the third year after the Trust Effective Date; and
 - (v) a minimum of 10% (1,000 hectares) in freehold and 10% (20,000 hectares) in leasehold or reserve for combined minimum total of 210,000 hectares within the fourth year after the Trust Effective Date;
- (c) if the minimum target percentage for Allocation in leasehold or reserve is not met by the Trustee in any period specified in clauses 7.2(b)(i) to (v) of this Strategy, the minimum target amount of leasehold or reserve for the relevant period will be subtracted from the minimum amount that must be transferred by the State in accordance with clause 6(a)(iii) of this Strategy; and
- (d) if the minimum target percentage for Allocation in freehold is not met by the Trustee in any period specified in clauses 7.2(b)(i) to (v) of this Strategy, the minimum target amount of freehold for the relevant period will be subtracted from the minimum amount that must be transferred by the State in accordance with clause 6(a)(iv) of this Strategy.

7.3 Other matters

- (a) If the Trustee requests further freehold grants in accordance with clause 6(c) and (d) of this Strategy, a minimum of 10% of the total amount to be transferred over the 10 year period must be accepted by the Trustee for Allocation each year from land selected for Allocation and if the Trustee does not do so the State does not guarantee that the amounts of land specified in those clauses will be Allocated.
- (b) The land selection schedule can be modified by agreement between the State, in consultation with DoL, and the Trustee in consultation with the Regional Corporations and the Central Services Corporation. A land selection schedule, as modified by agreement, may include Allocation of land after the end of the fifth year after the Trust Effective Date in circumstances where there are compelling reasons why there was a delay in the Allocation of a particular parcel or parcels of land.

8. Implementation Process

This clause 8 should be read in conjunction with the UCL and UMR Implementation Process Charts.

8.1 Initial Identification of UCL and UMR (Boxes 1 – 3, 27 and 28 UCL and UMR Implementation Process Chart)

- (a) DoL and SWALSC have been, and DoL and the Trustee will continue to be, involved in a process of identification of UCL and UMR, which, if eligible, will be included in the list of land for Allocation.
- (b) Lost Lands that are either UCL or UMR can be considered for identification, selection and assessment. No other Lost Lands, particularly freehold parcels, will be considered.
- (c) Departments and agencies which currently hold management orders over reserves and freehold may identify managed reserves and freehold that may be eligible for inclusion in the list of land for Allocation.
- (d) The State will not take, acquire or purchase any land or any rights in land for Allocation to the NLE.
- (e) All land identified and included in the list must be wholly located within the boundaries of the Settlement Area.
- (f) There is no obligation on the State to include land in the list where, for example:
 - (i) the parcel of land is subject to a lease, a contract or option to sell or lease, or is a Class A Reserve; or
 - (ii) the parcel of land is subject to a Notice of Intention to Take or taken and designated for a public work under section 161 or section 165 of the LAA; or
 - (iii) requirements for land under other State legislation have the effect of excluding the application of the LAA to particular parcels; or
 - (iv) State policy applies, such as for example, the requirement for coastal buffer zones; or
 - (v) preliminary assessment rules out a parcel on the basis of flora conservation plans, forest management programs, physical and legal access, public access requirements, soil erosion and salinity issues and/or geographic constraints.
- (g) These and other matters will be taken into account in compiling the list of land that may be eligible for Allocation. If any UCL and UMR identified for inclusion in the list by SWALSC or the Trustee is not subsequently included in the list, those parcels of significance to the Noongar community may be referred to the Priority Land Meeting in accordance with clause 5.2(d) of this Strategy and dealt with accordingly.

8.2 Indicative assessments from DMP and preparation of List of Identified Lands (Boxes 4 and 5 UCL and UMR Implementation Process Chart)

- (a) Following compilation of a list of potentially eligible land by DoL (taking into account the matters set out at clause 8.1 of this Strategy), DoL will refer this list to DMP for an indicative assessment under section 16(3) of the MA. At this stage DMP may suggest tenure options for land parcels that are more likely than not to receive a final section 16(3) clearance.
- (b) Upon receipt of the indicative assessment under section 16(3) from DMP, DoL will prepare a list of identified lands (**List of Identified Lands**) which will include details of DMP's indicative assessment and preferred tenure type for each parcel. This list will be sent to the Trustee.
- (c) DMP may impose conditions on any proposed Allocation.
- (d) If any parcel of land initially identified by the Trustee is not included in the List of Identified Lands, those parcels of significance to the Noongar community may be referred to the Priority Land Meeting in accordance with clause 5.2(d) of this Strategy and dealt with accordingly.

8.3 Selection of land and tenure choice by the Trustee (Boxes 6, 27 and 28 UCL and UMR Implementation Process Chart)

- (a) Upon receipt of the List of Identified Lands the Trustee must:
 - (i) select parcels from that list that it would like to be included in the NLE, and
 - (ii) specify for each parcel selected the preferred tenure, within the range of tenures indicated by DMP.
- (b) Notice of the selected land and preferred tenures must be provided to DoL by the Trustee within 60 Business Days of its receipt of the List of Identified Lands.

8.4 Assessment of Selected Land (Boxes 7 – 10, 27 and 28 UCL and UMR Implementation Process Chart)

- (a) Upon receipt of the Trustee's selection of parcels and tenure preferences (**Selected Lands**), DoL will commence the following assessment process on the basis of the tenure preferences provided:
 - (i) consultation with local government under section 14 of the LAA including any:
 - A. future proposals for the land;
 - B. proposed planning scheme amendments that may affect the land;
 - C. proposals for future expansions of current reserves etc. that may affect the land;

- D. land management issues such as contamination of which local government is aware; and
 - E. other comments the local government may have on the proposal;
- (ii) consultation with the DoP and DPaW and any other department or agency, as required, including in relation to zoning, future requirements, any interests in the land or protection issues;
- (iii) DoL will request responses from local government and government departments within 40 Business Days from the date it seeks comment under sub-clauses (i) and (ii); and
- (iv) upon receipt of responses from local government and government departments DoL will consider whether parcels continue to be assessed or not.
- (b) If any parcel of land from the Selected Lands is to be removed from the Implementation Process at this point, those parcels of significance to the Noongar community may be referred to the Priority Land Meeting in accordance with clause 5.2(d) of this Strategy and dealt with accordingly.

8.5 DMP s16(3) Clearance (Boxes 11 – 13, 27 and 28 UCL and UMR Implementation Process Chart)

- (a) Following consultation with State agencies and local government, DoL will refer the Selected Lands to DMP for approval of the Minister for Mines and Petroleum under section 16(3) of the MA ("final section 16(3) clearance").
- (b) DMP may give a final section 16(3) clearance that is different from the earlier indicative assessment, or approval may not be given. If any parcel of land Selected Lands is to be removed from the implementation process at this point, those parcels of significance to the Noongar community may be referred to the Priority Land Meeting in accordance with clause 5.2(d) of this Strategy and dealt with accordingly.
- (c) If the final section 16(3) clearance is given for the Selected Lands to be Allocated in the selected tenure, DMP will register a notation in Tengraph to identify that there is a proposed change of land tenure and DoL will continue on to the final assessment and referrals.

8.6 Final checks and referrals (Boxes 14 – 19, 27 and 28 UCL and UMR Implementation Process Chart)

- (a) Following a final section 16(3) clearance DoL will undertake further assessment and referrals including:
 - (i) check that there is existing legal access to the land. The State is under no obligation to secure access for land that is land locked;

- (ii) referral to servicing authorities (e.g. Telstra, Western Power, Water Corporation) to find out whether there are services or infrastructure on the land that need protecting, e.g. by way of easement; and
 - (iii) referral for assessment under the Contaminated Sites Act 2003 (WA) for any lots that are proposed to be taken in freehold or leasehold.
- (b) Following these checks and referrals, DoL will collate all of the information and decide whether Allocation can proceed. If any parcel of Selected Lands is to be removed from the Implementation Process at this point, those parcels of significance to the Noongar community may be referred to the Priority Land Meeting in accordance with clause 5.2(d) of this Strategy and dealt with accordingly.

8.7 Terms of Allocation (Boxes 20 – 23, 27 and 28 UCL and UMR Implementation Process Chart)

- (a) If the land can be Allocated, DoL will prepare terms of allocation (**Terms of Allocation**) and provide these to the Trustee for acceptance. The Terms of Allocation will include but will not necessarily be limited to:
- (i) for freehold land – refer to Annexure L to the Settlement Terms (Part A – Deed in relation to Allocation of Freehold Land);
 - (ii) for leasehold land – terms and conditions to be agreed between DoL and the Trustee; and
 - (iii) for reserve purposes and management orders –
 - A. the reserve purpose will be “Noongar Social, Cultural and Economic Benefit” or such other purpose as agreed between the State and the Trustee;
 - B. terms and conditions referred to in Annexure L to the Settlement Terms (Part B – Deed in relation to Management Order for Reserve Land and Annexure A to Management Order for Reserve Land),
 and will further deal with:
 - (iv) existing encumbrances and interests; and
 - (v) any new encumbrances and interests to be created;
- (b) If the Trustee does not accept the Terms of Allocation for a parcel of Selected Lands within 40 Business Days of the Terms of Allocation being given to it, that parcel may be referred to the Priority Land Meeting in accordance with clause 5.2(d) of this Strategy and dealt with accordingly.

8.8 Allocation (Boxes 24 – 26 UCL and UMR Implementation Process Chart)

- (a) If the Trustee accepts the Terms of Allocation DoL will:

- (i) arrange to have a survey undertaken as appropriate having regard to the selected tenure;
 - (ii) arrange for creation of a deposited plan and approval of this by Landgate; and
 - (iii) arrange for the land to be quarantined from further dealings pending its transfer to the Land Sub, perhaps by placing Memorials on title under section 17 of the LAA.
- (b) Once the processes above are completed, DoL will refer the land parcels to Landgate's Valuation Services for compulsory valuation before Allocation in accordance with the requirements of the Land Administration Regulations 1998.

8.9 Process for execution of documents etc.

Once the processes in clauses 8.1 to 8.8 of this Strategy are completed:

- (a) For freehold land, DoL will prepare and submit to the Trustee the following documents:
- (i) a Deed in relation to Allocation of Freehold Land reflecting the Terms of Allocation;
 - (ii) a transfer of land document; and
 - (iii) any ancillary documents such as easements and restrictive covenants,

and the Trustee must cause the Land Sub to execute and return these documents to DoL within 40 Business Days of their receipt (which timeframe may be extended by mutual agreement of the State and the Trustee in writing). DoL will then arrange for execution of these documents by the Minister for Lands, have the documents stamped if necessary, and make all reasonable endeavours to lodge the transfer of land document for registration at Landgate within 40 business days of receiving all relevant executed documents from the Trustee, or as soon as reasonably practicable thereafter.

- (b) Where the Trustee fails to cause the Land Sub to execute and return the documents to DoL within this timeframe (as extended as the case may be) the State will provide the Trustee with a written notice of that fact and will provide the Trustee with a further 40 Business Days to cause the Land Sub to return the duly executed documents to DoL. If the Trustee fails to cause the Land Sub to return the duly executed documents to DoL within this further 40 Business Day period:
- (i) the State will no longer be under any obligation to quarantine the land from future dealings; and
 - (ii) the State is under no obligation to ensure the land remains available for Allocation to the Land Sub; and
 - (iii) the land will be deducted from the Minimum Identified Amount;

- (c) For leasehold land, DoL will prepare and submit to the Trustee a deed of lease reflecting the Terms of Allocation. The Trustee must cause the Land Sub to execute and return the deed of lease to DoL within 40 Business Days of its receipt (which timeframe may be extended by mutual agreement of the State and the Trustee in writing). DoL will then arrange for execution of the deed of lease by the Minister for Lands, have it stamped if necessary, and submit it to Landgate for registration.
- (d) Where the Trustee fails to cause the Land Sub to execute and return the deed of lease to DoL within this timeframe (as extended as the case may be) the State will provide the Trustee with a written notice of that fact and will provide the Trustee with a further 40 Business Days to cause the Land Sub to return the duly executed deed of lease to DoL. If the Trustee fails to cause the Land Sub to return the duly executed deed of lease to DoL within this further 40 Business Day period:
 - (i) the State will no longer be under any obligation to quarantine the land from future dealings; and
 - (ii) the State is under no obligation to ensure the land remains available for Allocation to the Land Sub; and
 - (iii) the land will be deducted from the Minimum Identified Amount.
- (e) For reserves and Management Orders, DoL will prepare and submit to the Trustee the following documents:
 - (i) a Deed in relation to Management Order for Reserve Land reflecting the Terms of Allocation; and
 - (ii) a Management Order with Annexure A to Management Order for Reserve Land reflecting the Terms of Allocation.
- (f) The Trustee must cause the Land Sub to execute and return the documents to DoL within 40 Business Days of its receipt (which time may be extended by mutual agreement of the State and the Trustee in writing). DoL will then arrange for the execution of the documents by the Minister for Lands, have them stamped if necessary, and submit all registrable documents to Landgate for registration.
- (g) Where the Trustee fails to cause the Land Sub to execute and return the documents to DoL within this timeframe (as extended as the case may be) the State will provide the Trustee with a written notice of the fact and will provide the Trustee with a further 40 Business Days to cause the Land Sub to return the duly executed documents to DoL. If the Trustee fails to cause the Land Sub to return the duly executed documents to DoL within this further 40 Business Day period:
 - (i) the State will no longer be under any obligation to quarantine the land from future dealings;
 - (ii) the State is under no obligation to ensure the land remains available for Allocation to the Land Sub; and
 - (iii) the land will be deducted from the Minimum Identified Amount.

8.10 If target reached early

If the total Allocated hectareage reaches the maximum of 300,000 ha of reserve land and 20,000 hectares of freehold land sooner than the end of the fifth year after the Trust Effective Date then the land identification and Allocation process will cease at the time the maximum figure is achieved.

9. ALT and other State freehold

- (a) This section should be read in conjunction with the Freehold Implementation Process Chart.
- (b) The State must, upon request from the Trustee, Allocate all ALT freehold land (not subject to a lease, a contract or option to sell) and other freehold land (if any) identified for inclusion in the NLE by departments or agencies that is suitable for Allocation within the five year period after the Trust Effective Date.
- (c) All ALT freehold land that is Allocated and other freehold land identified by departments or agencies that is suitable for Allocation is to be counted as part of the NLE for the purposes of clause 6(a) of this Strategy.
- (d) Freehold land including ALT freehold land will usually be Allocated in freehold.
- (e) Departments and agencies will prepare terms of Allocation for submission to the Trustee.

10. ALT and other Managed Reserves

- (a) This section should be read in conjunction with the Managed Reserves Implementation Process Chart and the UCL and UMR Implementation Process Chart.
- (b) As specified in clause 8.1 of this Strategy, departments and agencies which currently hold management orders over reserves will identify managed reserves that may be eligible for inclusion in the list of land for Allocation. All managed reserves that are identified by departments or agencies that are suitable for Allocation are to be counted as part of the NLE for the purposes of clause 6(a) of this Strategy (Boxes 1 and 2 Managed Reserves Implementation Process Chart).
- (c) If:
 - (i) the Trustee requests the land in a higher tenure (eg freehold);
 - (ii) the Trustee requests the power to lease or to licence and this was not formerly a condition of the management order for the reserve;
 - (iii) there is a change in the proposed purpose of the reserve; or
 - (iv) the reserve was formerly for a fixed term but it is proposed to become a reserve in perpetuity,

then the reserve will require a section 16(3) indicative assessment (Box 5 Managed Reserves Implementation Process Chart) and will thereafter follow the UCL and UMR Implementation Process Chart from Box 4a of that Chart and clauses 8.2 to 8.9 of this Strategy.

- (d) All managed reserves to which clause 10(c) of this Strategy does not apply, will be referred to local government for comment on the change of management, and to servicing authorities (e.g. Telstra, Western Power, Water Corporation) to find out whether there are services or infrastructure on the land that need protecting (Box 6 Managed Reserves Implementation Process Chart). If any managed reserves selected by the Trustee are to be removed from the Implementation Process at this point, those parcels that are of significance to the Noongar community may be referred to the Priority Land Meeting in accordance with clause 5.2(d) of this Strategy and dealt with accordingly.
- (e) If Allocation can proceed, DoL will prepare Terms of Allocation, and provide these to the Trustee for acceptance in accordance with clause 8.7 of this Strategy.
- (f) If the Trustee does not accept the Terms of Allocation, that reserve may be referred to the Priority Land Meeting in accordance with clause 5.2(d) of this Strategy and dealt with accordingly.
- (g) If the Trustee accepts the Terms of Allocation, Allocation will proceed as set out in clauses 8.8 and 8.9 of this Strategy (Boxes 13, 14 and 15 Managed Reserves Implementation Process Chart).

11. Land remains available for acceptance after initial rejection

UCL, UMR, ALT Managed Reserve and ALT freehold land initially rejected by the Trustee may remain available for acceptance until the end of the fourth year after the Trust Effective Date provided that if:

- (a) an expression of interest in the UCL or UMR land is received by DoL from a party other than the Trustee;
- (b) an expression of interest in the ALT Managed Reserve or ALT freehold land is received by the ALT from a party other than the Trustee; or
- (c) any State department or agency requires use of the land for any purpose inconsistent with Allocation,

DoL or the ALT, as the case may be, will give notice to the Trustee of that fact. The Trustee must request Allocation of the land to the Land Sub within 30 Business Days of receiving the notice from DoL if the land is required for the NLE. If the Trustee again rejects the land or does not respond within that 30 Business Day period DoL or the ALT, as the case may be, may deal with the relevant land without further reference to the Trustee and it will no longer be available for Allocation.

12. Land Costs

- (a) At the time of the first Allocation of a land parcel to the Land Sub:

- (i) the State will meet the State Transaction Costs; and
 - (ii) the Trustee will meet the Trust Transaction Costs.
- (b) Where land is to be converted to freehold tenure under clause 6(c) and 6(d) of this Strategy, the Trustee must pay both the State Transaction Costs and the Trust Transaction Costs.
- (c) Where the Trustee wishes to convert further land to freehold tenure, beyond the cap and timeframes identified in clause 6(c) and 6(d) of this Strategy, the Trustee must pay all of the costs associated with the conversion to freehold including the State Transaction Costs, the Trust Transaction Costs and any purchase price of the land.

13. Deemed delivery of documents

Where in this Strategy, reference is made to one Party delivering or submitting documents to another Party any such documents will be deemed to have been received:

- (a) in the case of delivery in person, when delivered; and
- (b) in the case of delivery by post, 2 Business Days after the date of posting.

14. SWALSC to fulfil role of Trustee

Pending declaration of the Trust pursuant to clause 2 of the Settlement Terms, SWALSC must perform the role of the Trustee referred to in this Strategy in the selection of land for Allocation.

15. Land previously selected for Allocation

Annexure X to the Settlement Terms contains a list of land that has been selected by the Native Title Agreement Groups (through SWALSC) for Allocation prior to the Execution Date for Allocation after the Trust Effective Date. This land will be deducted from land that must be accepted by the Trustee for Allocation under clause 7.2(b)(i) and is to be counted as part of the NLE for the purposes of clause 6(a) of this Strategy.

16. Land taken "as is"

Land will be Allocated in its available state ("as is") including:

- (a) subject to any existing positive or restrictive covenants, interests and easements and other encumbrances;
- (b) the State cannot guarantee the land will be free from contamination;
- (c) the State does not guarantee that the land is otherwise fit for purpose;
- (d) in relation to any fixtures on the land, the State will require the Trustee to indemnify the State in relation to any liability arising from the existence of fixtures on the land.

The NBT and the Land Sub acknowledge that by the Land Sub accepting a transfer of an estate in fee simple in each Property and entering into this Deed each of them will be taken to have satisfied themselves:

- (a) by physical examination and inspection and all other necessary enquiries and relying on the opinion or advice of such experts as it may wish to consult as to the state, condition, quality and quantity of each Property;
- (b) by enquiry of all Relevant Authorities as to the zoning of each Property and the use to which each Property or any other land adjoining or in the vicinity of each Property may be put;

responsibility for dealing with such Asbestos. For the avoidance of doubt, risk and responsibility arising from the existence of Asbestos in any Property prior to Property Settlement remains with the Authority.

- (b) Unless the Authority otherwise notifies the NBT in writing prior to Property Settlement, the Authority is not aware of the existence of any Contamination (except for the presence of Asbestos) in on or under each Property that would materially adversely affect the proposed use of each Property and the NBT and the Land Sub acknowledge and agree that on and from Property Settlement, the Land Sub will bear the risk and responsibility of dealing with any Contamination (pre-existing or otherwise) that may subsequently arise in on or under each Property in accordance with the terms of the *Contaminated Sites Act 2003* (WA).
- (c) The NBT and the Land Sub acknowledge and agree that:
 - (i) each of them shall be taken to have satisfied themselves by physical examination and inspection and all other necessary enquiries and by relying on the advice and opinions of such experts as the NBT and the Land Sub may wish to consult as to the geotechnical condition of each Property and each and every part of each Property; and
 - (ii) neither the NBT nor the Land Sub shall have any claim whatsoever against the Authority and the Authority will not indemnify the NBT or the Land Sub in respect of any geotechnical matter which may relate to the suitability of each Property for building purposes (including the compaction of soil or any fill) or any additional costs, losses or expenses that may be incurred by the NBT or the Land Sub in relation to its use or intended use of each Property as a result of the geotechnical condition of each Property.

16 NBT AND LAND SUB INDEMNITY

 - (i) a breach of this Deed by the NBT or the Land Sub;
 - (ii) any negligent or tortious act or omission of the NBT or the Land Sub arising out of or in connection with this Deed;
 - (iii) any breach by the NBT or the Land Sub of a State or Commonwealth law arising out of or in connection with this Deed; and

- (b) The NBT's or the Land Sub's liability under this indemnity will be reduced proportionally to the extent caused or contributed to by the Indemnified Parties or their officers, servants, agents, contractors, invitees and licensees.
- (c) The Parties agree to use their reasonable endeavours to cooperate with each other, at their own cost, in respect of the conduct of any defence, or the agreement of any settlement, of any third party action, suit, claim, demand or proceeding the subject of this indemnity.
- (d) To the fullest extent available at law, each of the NBT and the Land Sub release the Authority, the State of Western Australia and all of its departments, agencies and instrumentalities established by statute (whether expressed to be agents of the Crown or not) and all officers, servants, agents, contractors, invitees and licensees of any of them from and against all claims, demands, actions, suits, proceedings, judgments, damages, costs, charges, expenses (including legal costs of defending or settling any action, claim or proceeding) and losses of any nature whatsoever whether based in contract, equity, tort or statute or any combination thereof which the NBT or the Land Sub may suffer or incur in respect of or in connection with any of the matters referred to in clauses 9, 10, 12, 13, 14 and 15.
- (e) The NBT and the Land Sub acknowledge and agree that sub-clause (d) may be pleaded as an absolute bar to any relief, compensation or claim sought by the NBT or the Land Sub against the Authority.

17 DISPUTES AND MEDIATION

- (a) A Party must not start arbitration or final court proceedings in respect of a dispute arising out of or in connection with this Deed (**Dispute**) unless it has first complied with this clause.
- (b) A Party claiming that a Dispute regarding this Deed has arisen must give written notice to the other Party within ten (10) Business Days of the Dispute first arising, giving details of the Dispute (**Notice of Dispute**).
- (c) Each Party must thereafter make all reasonable efforts to negotiate in good faith and reasonably with a view to resolving the Dispute.
- (d) If the Parties have not resolved the Dispute within a period of twenty (20) Business Days after receipt of the Notice of Dispute, they must refer the Dispute to a mediator to be agreed between the Parties.
- (e) If, twenty (20) Business Days after receipt of the Notice of Dispute, the Parties cannot agree on a particular mediator to be appointed, the Parties must request the Chairman of the Institute of Arbitrators and Mediators Australia (WA Chapter) to appoint a mediator.
- (f) Unless otherwise agreed between the Parties, each Party shall jointly bear the costs of any mediation in equal proportion.
- (g) If the Parties are not able to resolve the Dispute through mediation within twenty (20) Business Days of participating in the first mediation with the mediator, or such other period of time as agreed by the Parties, then either Party is thereafter entitled to commence action to resolve the dispute in a court of competent

jurisdiction or, if agreed to by the Parties by arbitration under the *Commercial Arbitration Act 2012* (WA).

- (h) Any information or documents disclosed by a Party under this clause must be kept confidential and may only be used to attempt to resolve the Dispute, under this clause or otherwise.
- (i) All communications between the Parties made pursuant to this clause are without prejudice to any subsequent action in a court of competent jurisdiction.

18 GST

- (a) Terms defined in the GST Act have the same meaning when used in this clause, unless expressly stated otherwise.
- (b) Unless expressly stated otherwise, any consideration payable or to be provided or amount used in the calculation of a sum payable under this Deed has been determined without regard to GST and must be increased, on account of any GST payable under this clause.
- (c) If GST is payable as a consequence of any supply made under or in connection with this Deed by a party making a supply (**Supplier**), the recipient of that supply must pay an additional amount for GST (**GST Amount**) to the Supplier.
- (d) The recipient must pay any GST Amount at the same time and in the same manner as making payment of any consideration on which the GST Amount is calculated. If the GST Amount is not calculated on consideration, the recipient must pay the GST Amount within 7 days of receipt of a written demand by or on behalf of the Supplier.
- (e) For the avoidance of doubt, if a GST Amount is payable on any taxable supply that is made for a period or on a progressive basis and the consideration for the taxable supply is to be provided on a progressive or periodic basis, the recipient must pay the GST Amount, subject to the receipt of a Tax Invoice.
- (f) If at any time an adjustment is made or required to be made between the Supplier or any other payer of GST and the relevant taxing authority on account of any amount paid as GST as a consequence of any supply made under or in connection with this Contract by the Supplier, a corresponding adjustment must be made as between the Supplier and the recipient and any payment necessary to give effect to the adjustment must be made.
- (g) The recipient must pay any amount it is required to pay under this clause in full and without deduction, notwithstanding any entitlement that it may have to a credit or offset however arising.
- (h) As a condition precedent to payment of any GST Amount or any amount including any GST Amount, the Supplier must provide to the recipient a Tax Invoice complying with the GST Act.
- (i) If one of the Parties to this Deed is entitled to be reimbursed or indemnified for a loss, cost, expense or outgoing incurred in connection with this Deed, then the amount of the reimbursement or indemnity payment must be reduced by an amount equal to any input tax credit to which the Party being reimbursed or indemnified (or its representative member) is entitled in relation to that loss, cost, expense or outgoing.

- (j) In the event that non-monetary consideration is provided under this Deed, the Parties to this Deed will seek to agree upon the GST-exclusive market value of the non-monetary consideration and where appropriate, the Parties must apply clauses 18(b) to 18(h) (inclusive) in respect of any non-monetary consideration that is treated as a taxable supply.
- (k) Notwithstanding Clause 18(h), where non-monetary consideration is provided under this Deed, the Parties agree to issue a Tax Invoice to each other in respect of the non-monetary consideration that complies with the GST Act and where appropriate, the Tax Invoice must show any GST Amount payable.
- (l) Where the Parties agree to apply the margin scheme, the margin scheme will be applied to calculate the amount of GST on the sale of the Property by the Authority under this Deed. The purchaser acknowledges that it will not be entitled to an input tax credit for the acquisition of the Property under this Deed. Where any GST is payable under the margin scheme, clause 18(c) will apply.

Noongar Economic Participation Framework

[Page intentionally left blank - see next page]

A. INTRODUCTION

Under Clause 5.3(i) of the 2009 Heads of Agreement for the full and final resolution of all native title claims in the South West of Western Australia (the South West Settlement), it was agreed that the State of Western Australia (the State) and the South West Aboriginal Land and Sea Council (SWALSC) would negotiate:

“An appropriate regime to accommodate Noongar interests in the State’s use and development of State land.”

The State acknowledges the Noongar community's desire to participate more fully in the economy of the South West region of Western Australia. Through the Settlement, the State will provide a number of avenues for increased Noongar economic development and participation. In particular, the State is proposing the following Noongar Economic Participation Framework (the Framework). The Framework demonstrates a mutual commitment by both government and the Noongar community to work collaboratively to achieve the Framework’s objectives.

The State’s support for Noongar economic participation takes multiple forms in the context of the South West Settlement. That is, Noongar economic participation is fundamental to:

- the development of the Noongar Boodja Trust and the advocacy that will arise from the central and regional governance structures;
- the various streams of home ownership and asset management that have been proposed; and
- the development of Noongar land holdings.

Further, every effort will be made to maximise Noongar employment within government and through contracting arrangements arising out of the implementation of the South West Settlement.

B. PURPOSE:

The objectives of the Framework are to:

- Grow Noongar owned businesses and Noongar/non-Noongar joint ventures, and increase Noongar employment in Noongar businesses.
- Increase the knowledge and skills of the Noongar community in the areas of Government procurement, tendering and contracting.
- Increase Noongar participation and representation in employment and the broader economy.
- Build on the existing strengths of the Noongar community to foster the Noongar entrepreneurial culture.

C. PRINCIPLES

To improve economic participation outcomes for Noongar people in the South West the State will apply and promote the following principles:

- **Recognition that Noongar** people and businesses are a valued part of the local and regional economy particularly in the South West.
- **Channels of communication are open** to ensure Noongar businesses and corporations are provided with information regarding Government contracting and tendering opportunities.
- **A demonstrated commitment to transparency, accountability** and appropriate **governance** structures.

The State will apply these principles in partnership and consultation with the Noongar Economic Participation Steering Group.

D. GOVERNANCE

A Noongar Economic Participation Steering Group will be established to oversee implementation of this Framework.

The Group will consist of Senior Government Representatives from agencies that may include:

- Department of the Premier and Cabinet;
- Department of Aboriginal Affairs;
- Small Business Development Corporation;
- Landcorp;
- Department of Lands;
- Department of Finance (Building, Management and Works);
- Main Roads WA;
- **Other Departments/Agencies as identified.**
- 1 Representative from each Noongar Regional Corporation and the Central Services Corporation.
- 1 Representative of the Noongar Chamber of Commerce

Membership of the Noongar Economic Participation Steering Group (the Steering Group) will be constantly reviewed to ensure relevant Government and Noongar representation is maintained.

The Steering Group will meet on a quarterly basis in its initial year and thereafter, meet half yearly or as otherwise agreed.

In the first year of the agreement the task of the Steering Group will be to develop:

- the terms of reference;
- a three year implementation and communication plan; and

- evaluation tools.

It is anticipated the initial Terms of Reference for the Noongar Economic Participation Steering Group would include:

- Facilitate early engagement with Noongar representatives on government land use and development activities planned in the South West;
- Identify opportunities for greater Noongar participation in South West development, including specific employment, contracting and investment opportunities, upcoming projects and tenders;
- Build the capacity and facilitate the ability of Noongar interests to take advantage of those opportunities and provide Noongar businesses with a strategic opportunity to plan for involvement in land and other development; and
- Ensure government Aboriginal training and education programs are responsive to local Noongar community needs and priorities to increase Noongar employment.

E. KEY DELIVERABLES

- Intensive capacity building in year one of the implementation of the Settlement, and ongoing support thereafter, in government tendering and contracting policies as well as the development and submission of tender documentation;
- Promote early engagement between State Government agencies through Early Tender Advice for all Noongar businesses registered with Tenders WA;
- Exemption from competitive tendering processes that allows for the direct engagement of a registered Noongar business for works, goods and services procurements valued at less than \$150,000 (as outlined in the Engaging Aboriginal Business Policy and Open and Effective Communication Policy).
- Increase registration of Noongar businesses on the Tenders WA website (Refer Attachment 1).
- Provide Noongar representation on tender evaluation panels for Government agencies providing works in the South West where appropriate (Refer Attachment 1).

Initial Projects – State Government Year 1:

To implement the Key Deliverables the following projects will be undertaken in Year one of the Settlement:

- The State will deliver workshops in partnership with each Noongar Regional Corporation to provide information and education to Noongar people with existing businesses or for those planning to establish new businesses covering topics that include:
 - How to take advantage of existing preferential Aboriginal business initiatives;
 - Demystifying the Government tendering and contracting processes;
 - How to obtain preferred provider status;

- How to get pre-qualification status;
- Establishing new businesses;
- The State will create a central location for all information and policies relevant to Aboriginal Businesses at a central portal (Eg: the Aboriginal Business Directory).
- The State will promote and encourage the registration of Noongar businesses on the Aboriginal Business Directory to ensure that Noongar businesses are highlighted and can take advantage of the education, training and economic opportunities available.

F. LANDCORP

A further element of the State's economic participation proposal is the continuation of the current Landcorp 5% offer as part of the "Future Act incentives for release of Unallocated Crown Lands in town-sites." This policy was developed to streamline the process for negotiating with native title claimants to facilitate the release of town-site land for residential, commercial or light industrial development. The incentive payment included the equivalent of a standard 5% of the sale price of the lots in the land release. Although the process relates to the native title future act system, Landcorp will continue the 5% payment as part of the South West Settlement, with respect to Unallocated Crown Lands which is developed by LandCorp.

G. SECRETARIAT

Secretariat support will be provided by the DPC SW Settlement Implementation Unit. The Secretariat will monitor outcomes from the Steering Group, consult with Steering Group members and identify where further action may be required to improve the effectiveness of this Framework. Reports will be provided by the Secretariat on the progress of the outputs and evaluation measures.

H. REVIEW AND EVALUATION

Review and evaluation of the Framework will occur annually and will be led by DPC. Changes to the Framework may be implemented by mutual agreement of the Noongar Regional Corporations, the Central Services Corporation and DPC.

The Noongar Economic Participation Steering Group will provide a 6 monthly report to the South West Settlement Implementation Committee providing information regarding progress to achieve deliverables as outlined in the Noongar Economic Participation Implementation Plan (as developed by the Steering Group).

The Noongar Economic Participation Steering Group will participate in an annual review workshop convened by the Department of the Premier and Cabinet SW Settlement Implementation Unit.

At the end of the first six months of Settlement the Noongar Economic Participation Steering Group will provide a 3 year Strategic Implementation Plan to the South West Settlement Implementation Committee, Noongar Regional Corporations and Central Services Corporation. This plan will

provide a basis on which to review and evaluate the progress and impact of the Framework across the South West.

What is Tenders WA?

The Tenders WA website is a central portal for all Government tender processes. This website contains a range of functions to make the tendering process for WA Government contracts transparent and efficient. It is the central source of information on Western Australian public sector requests and awarded contracts.

Western Australian government departments use this website to advertise their public tender requests and publish details of contracts awarded.

By registering a business on the Tenders WA website you are able to:

- receive invitations to submit tender applications relevant to the goods/services that you provide;
- register to receive early tender advice emails.

What is Early Tender Advice?

Businesses can register on the Tenders WA website for Early Tender Advice (ETA). ETA are advance notices of possible future tenders to be posted by Government Departments and Agencies. Registered Businesses will be provided ETA for the good or service that they are registered.

Noongar businesses can register on Tenders WA for early advice for:

- categories of contract service provision work that they may be interested; or
- everything that government agencies load in Tenders WA as an ETA.

Early tender advice requires registration of the business then a separate logon to set up for an email push. This process is quite simple to set up and guides are available online. Once a business is set up for an automatic email push when a government agency loads the ETA into the system advising the market of the potential tender activity the business will automatically receive an email regarding an opportunity to tender within a reasonable time to prepare for the required works. Timelines between the ETA and the actual tender request can vary from 6 weeks to 6 months to one year.

What is a Tender Evaluation Panel?

Every tender process over the value of \$20,000 requires a tender evaluation panel to be established by the purchasing Department or Agency.

Panel members are required to have knowledge of the work or services required and the evaluation process. Each panel member assesses each offer received for a tender against the stated requirements of the Tender Request.

At first, each panel member carries out an independent assessment. The evaluation panel then convenes and comes to a consensus decision based on ratings against the tender requirements. This is based on the written evidence provided in each submission.

Where appropriate, the evaluation panel will also consider any wider benefits to Western Australia, including:

- Whether the supplier is local, especially in regional Western Australia,
- Whether the supplier uses or employs local and small suppliers, including suppliers in regional Western Australia.

Noongar membership on tender evaluation panels will support the development of knowledge of the tendering process as well as an understanding of successful tendering in the Government sector which can be applied across the corporate/non-Government sectors.

Tenders are evaluated in isolation and therefore no rolling membership would occur. Where a tender is released to market and it is appropriate to include a Noongar representative on the panel as a non-voting member of the panel, a government agency would make contact. The Department of Finance, through the Funding and Contracting Services Unit have offered to provide training sessions as to how evaluation processes are undertaken to provide knowledge for the Noongar community to be familiar with the processes before undertaking such obligations. Noongar representatives would not be permitted to vote as non-public servants cannot be held accountable for the spending of public funds. However, a Noongar representative may have technical advice that will value add to the procurement evaluation process that assists with the value for money assessment.

The knowledge gained by being part of these processes will assist the Noongar community to structure tender submissions in a meaningful and competitive way, therefore capacity building Noongar business' ability to extend competitiveness for government contracts and become aware of existing Policy preferences.

Community Development Framework

[Page intentionally left blank - see next page]

The State of Western Australia is currently negotiating the full and final resolution of all native title claims in the South West of Western Australia (the Settlement). The State and the Noongar People agree that the Settlement is a unique opportunity to build on the strengths and resilience of the Noongar Community in order to achieve long held aspirations for better social outcomes. Under section 5.3(j) of the 2009 Heads of Agreement, it was agreed that the South West Aboriginal Land and Sea Council (SWALSC) and the State of Western Australia (the State) would negotiate Community Development including:

- (i) *“Funding toward the promotion of Indigenous culture and improving educational outcomes; and*
- (ii) *Relationship between Central Body Corporate and the Regional Bodies Corporate in the management of programs and funding distribution.”*

1. PURPOSE

The Community Development Framework (the Framework) provides a statement of mutual commitment by [the **State Government of Western Australia and the South West Aboriginal Land and Sea Council**] to a shared set of principles and priorities. The Framework aims to provide an environment for key government agencies, industry and non-government organisations to work collaboratively with the Noongar community, Regional and Central Services Corporations and to deliver against shared priorities in a manner consistent with the Framework Principles.

For the purpose of this Framework, Community Development is defined as ***the process of working with a community to identify and implement strategies to strengthen and develop towards its full potential.***

The key objectives of the Framework are:

- improved and sustainable social and economic outcomes for the Noongar community;
- strengthening of Noongar culture, language, traditional knowledge, values and identity in continuation with a greater understanding and celebration of Noongar culture and society throughout Western Australia;
- increased capacity for Government and other service providers to work more effectively, and partner with Noongar people in the design and delivery of human and community services; and
- improvements in economic independence, leadership and governance, and self-esteem across the Noongar community.

A diagrammatic representation of Community Development within the South West Settlement is included at Attachment A.

2. PRINCIPLES:

All parties, in working to meet the Framework's objectives, undertake to adopt the following principles:

- **Recognition that Noongar culture** is fundamental in strengthening the future for the Noongar people and the wider South West community. Measures that strengthen connections to country and transmission of culture are fundamental to successful community development.
- **A partnership approach** to planning and delivering community services by ensuring ongoing engagement, communication and consultation, mutual respect and learning between the Noongar community, Aboriginal corporations, Governments, and Non-Government Organisations (NGOs).
- **A demonstrated commitment to transparency, accountability** and appropriate **governance** structures.
- **An enduring commitment to the sustainable delivery** of community services while building on existing strengths and being responsive to the priorities of both the Noongar community and Government.

3. PRIORITIES

In working to meet the Framework's objectives, the parties agree to focus on the following:

- **Safeguarding, developing and transmitting Noongar culture**
- **Capacity Building and Leadership**
- **Housing**
- **Youth**
- **Health**
- **Education**

These priorities will be reviewed after the first 5 years of the Settlement. Additional region specific priorities may also be agreed.

4. DELIVERY

The key partnership mechanisms to deliver the Framework will be **Programs, Collaboration and Engagement**.

(i) Programs

Programs are community and cultural development initiatives designed by the Noongar community and delivered by the Regional Noongar Corporations and the Central Services Corporation. These programs will be provided in addition to current mainstream services, and will offer an alternative approach to challenges experienced by the Noongar community. The delivery of programs will be the responsibility of the Noongar Community.

Examples of programs include:

- Connection to Country;
- Intergenerational transmission of Traditional Knowledge and Values – Elders to Youth;
- Language Consolidation; and
- Healing and Resilience.

(ii) Collaboration

Collaborative partnerships are relationships (including those formalised through MOUs, contracts and other mechanisms) in the design and delivery of human and community services between the Regional and Central Noongar Corporations; and State and Commonwealth Government agencies and NGOs with particular emphasis on improving:

- outcomes for Noongar people;
- coordination of services;
- input and direction by Noongar people; and
- delivery of culturally appropriate services.

The approach to collaboration will recognise existing service providers and sources of relevant expertise within both the Noongar community and the Government and Non-Government sectors, and both parties will seek to engage and work with these existing stakeholders.

(iii) Engagement

Engagement activities will involve the provision of advice by the Noongar community through the Central and Regional Noongar Corporations regarding Government and non-Government designed and delivered programs and services. These partnerships will increase the accessibility, cultural appropriateness and value of these programs and services to the Noongar community.

5. GOVERNANCE

Implementation of the Framework will be overseen by the Community Development Reference Group (The Reference Group), which will comprise:

- Members of the Aboriginal Affairs Coordinating Committee (AACC);
- Chair/Representatives from the Noongar Central and Regional Corporations; and
- Representatives from NGOs delivering services to the Noongar community.

The Reference Group will provide advice and support in developing and implementing programs, and forging and strengthening collaboration and engagement.

The Reference Group will meet bi-annually, and will be co-chaired by a nominated representative from the AACC, and from the Noongar Central or Regional Corporations.

The Reference Group and broader Community Development governance structure will be reviewed within 5 years of coming into effect, and any adjustments made to improve its effectiveness will be agreed between the Parties. Detailed Terms of Reference, membership, chairing and secretariat arrangements for the Reference Group will be agreed by the Parties and summarised in a governance manual.

The Reference Group may also establish Working Groups to focus on particular priority themes or a combination of themes within a specific region, or all regions. These Working Groups will have key community, Government, NGOs, and industry representatives. These groups will operate for as long as deemed necessary by the Reference Group.

At the regional level, the key implementation mechanism will be existing Regional Human Services Management Groups. These groups coordinate cross agency activities and responses to portfolio issues at the regional management level. The groups will meet regularly with representatives from the Noongar Regional Corporations to oversee the implementation of the Framework at a regional level. For these meetings a co-chair arrangement will exist with the current Chairs and a nominated representative from the Regional Corporation.

6. EVALUATION AND REVIEW

A comprehensive evaluation framework will be developed through consultation between the State and SWALSC. This will outline a review schedule which will require approval by the Reference Group.

7. EFFECTIVE DATE

Annexure Y

Transition Principles

[Page intentionally left blank - see next page]

Transition Principles

Terms used in this Annexure are defined in either the ILUA or the Trust Deed.

1. Purpose of Transition Principles

The purposes of the Transition Principles are to :

- (a) ensure that a transparent and accountable process is undertaken to identify the following entities during the period following the ILUA Execution Date and prior to the Trust Effective Date (the **Transition Period**):
 - (i) **Nominee CSC:** an Aboriginal corporation that is eligible for appointment as the Central Services Corporation by the Trustee of the NBT; and
 - (ii) **Nominee RCs:** Aboriginal corporations that are eligible for appointment as the Regional Corporation for each of the Agreement Areas in the ILUAs by the Trustee of the NBT,

(together referred to as the **Nominee Noongar Entities**); and
- (b) provide guidance to the Trustee on how to determine if a Nominee Noongar Entity has satisfied these Transition Principles.

2. Establishment of Nominee Noongar Entities

The Transition Principles are to:

- (a) maximise Noongar Community participation in the development of the Nominee Noongar Entities by the execution of a well defined communication, consultation and participation plan during the Transition Period;
- (b) encourage maximum participation in and membership of the Nominee Noongar Entities by the relevant Agreement Group members and to ensure that those relevant persons have the opportunity to:
 - (i) review, amend and adopt the template Rulebook (as amended) of their relevant Nominee Noongar Entity;
 - (ii) review, amend and adopt the initial Cultural Advice Policy of their Nominee RC; and
 - (iii) review, amend and adopt the initial Cultural Consultation Policy of the Nominee CSC;
- (c) ensure the relevant Agreement Groups participate in:
 - (i) the recruitment, election and appointment of a new board of directors, including independent directors, in accordance with the Rulebook and the relevant Regional Corporation Principles and CSC Principles;
 - (ii) the recruitment, selection and appointment of appropriate senior management and staff; and
 - (iii) the relevant Agreement Group Endorsement of a Nominee RC and a Nominee CSC.

3. Satisfaction of Transition Principles

The parties agree that:

- (a) a Nominee Noongar Entity must satisfy the Trustee that a transparent and accountable process was undertaken to establish the Nominee Noongar Entity in accordance with these Transition Principles and that the Nominee Noongar Entity genuinely reflects the outcomes of that process; and
- (b) pursuant to clause 4 and clause 5 of the Trust Deed:
 - (i) once the Trustee receives an ENE Nomination from a Nominee Noongar Entity, the Trustee must appoint the Nominee Noongar Entity as RC or CSC only if the Trustee is satisfied that the Nominee Noongar Entity is eligible to act as RC or CSC; and
 - (ii) in addition to compliance with the CSC Principles, RC Principles and the Transition Principles, eligibility to act as RC or CSC includes the requirement for a valid Agreement Group Endorsement and State Endorsement.
